

2020 UPDATE AND REVIEW OF CURRENT PSYCHOTROPIC MEDICATIONS

Presenter: Jose A. Rey, Pharm.D., M.S., BCPP

**Friday, May 22, 2020 ♦ 9:00 a.m. – 12:00 p.m.
Fort Lauderdale, Florida**

This workshop will focus on introducing the newly approved psychotropic medications in 2019-2020 and also re-introduce and discuss all of the psychotropic medications that are currently approved by the FDA with emphasis on three areas: recently approved agents and novel mechanisms of action; established agents in new pharmaceutical formulations to improve adherence and outcomes; differentiating the various psychotropic medications for patient-specific diagnoses and applications. Participants will be able to compare and contrast the available medications with regard to risks and benefits. Issues regarding the place of medications in the presence of psychotherapy will also be discussed.

Level of Curriculum Content: Advanced

PROGRAM LOCATION

Nova Southeastern University
Carl DeSantis Bldg. (H. Wayne Huizenga School of Business & Entrepreneurship)
Knight Auditorium – Room 1124
3301 College Avenue
Ft. Lauderdale, FL 33314

ABOUT THE PRESENTER

Jose A. Rey, M.S., Pharm.D., BCPP, is an associate professor of pharmacy practice at Nova Southeastern University's College of Pharmacy, in Ft. Lauderdale, Florida. He is currently the clinical psychopharmacologist for the South Florida State Hospital. Dr. Rey's research interests include cosmetic neuropsychopharmacology, geropsychiatry, psychotropic polypharmacy, pain management with non-opioids such as antidepressants and anticonvulsants, communication disorders, and clinical and pharmaco-economic outcomes research with antipsychotics and antidepressants. He has presented his research at national and international meetings. Dr. Rey has published original research, articles, abstracts, book chapters, and reviews in peer-reviewed journals and textbooks and has been an invited speaker at regional, state, national, and international meetings. He is currently a member of the American Society of Health-System Pharmacists, the Board of Pharmaceutical Specialties, and the College of Psychiatric and Neurologic Pharmacists. He has over 50 publications in the area of psychopharmacology and teaches courses in psychopharmacology at the undergraduate, graduate, and post-graduate levels. Dr. Rey received his doctorate in pharmacy from the University of Florida, completed an ASHP-accredited specialty residency in psychiatric pharmacy practice at the Gainesville VAMC and Shands Hospital in Gainesville, Florida. He is also the Director of a fully accredited ASHP residency in psychiatric pharmacy practice and psychopharmacology at NSU, and is board-certified in psychiatric pharmacy.

PROGRAM OBJECTIVES

Participants will be able to:

- List the names and discuss indications of newly approved psychotropic medications along with their pharmacological mechanisms of action and pharmacokinetic properties
- Compare and contrast the available psychotropic medications with respect to advantages and disadvantages, or benefits versus risks, including cost considerations and patient-specific issues
- Discuss the role of pharmaceutical formulations, such as long-acting injectable antipsychotics, in improving treatment outcomes for patients with severe mental illness

PROGRAM AGENDA

8:30 a.m. – 9:00 a.m.	Registration and refreshments
9:00 a.m. – 10:30 a.m.	Recently approved psychotropic medications and their pharmaco-dynamic and pharmacokinetic properties
10:30 a.m. – 12:00 p.m.	Review of established psychotropic medications and their comparisons to the newer agents. The role of pharmaceutical formulations in drug development: It's not just 'Putting Old Wine in New Bottles'
