

SUCSESSES AND CHALLENGES OF DELIVERING PARENT-CHILD INTERACTION THERAPY IN VIRTUAL, IN-PERSON, AND HYBRID FORMATS: MEETING THE NEEDS OF THE FAMILIES WE SERVE AND THOSE WE HOPE TO REACH

Presenter: Jason Jent, Ph.D.

**Friday, May 6, 2022 ♦ 9:00 a.m. – 12:00 p.m.
Zoom Webinar**

This presentation will provide participants with a better understanding of the effectiveness of Parent-Child Interaction Therapy (PCIT) in varying treatment delivery formats. Participants will be provided with an initial overview of treatment approach strategies for a live behavioral parent training coaching model for young children with disruptive behaviors. Participants will be provided with technological strategies and solutions for delivery of services in-person and virtually. Finally, participants will be provided with strategies for increasing reach of I-PCIT for historically underserved and vulnerable populations.

Level of Curriculum Content: Intermediate

Zoom at a Glance

Zoom is a web-based video conferencing tool with a local, desktop client and a mobile app that allows users to meet online, with or without video, whether you are connecting multiple conference rooms or meeting with attendees from their personal desktops or mobile devices. For more information or to download Zoom, please visit <https://zoom.us/>.

ABOUT THE PRESENTER

Jason Jent, Ph.D. is an associate professor of clinical pediatrics at the University of Miami Miller School of Medicine. He currently serves as the Director of Innovation and Community Engagement for the Mailman Center, as well as the Director of Training for the Mailman Center for Child Development's clinical psychology internship and postdoctoral training programs. He completed a T32 fellowship in health disparities in minority populations at the University of Miami in 2007. He is a licensed psychologist in Florida and joined the faculty of the Mailman Center in 2007. Dr. Jent's research and training specialty focuses on reducing disparities related to access and the efficiency of behavioral interventions for children's disruptive behaviors through the use of neighborhood-based, technology-based solutions, and telehealth services. Dr. Jent is the principal investigator (PI) of multiple grants designed to provide free evidence-based parenting programs to young children and professional development, consultation, and coaching to teachers, allied health professionals, and other parenting program providers.

PROGRAM OBJECTIVES

Participants will be able to:

- Describe 3 benefits of delivering PCIT services
- List 3 strategies for overcoming technological barriers during virtual service delivery of PCIT
- Describe 3 unique coaching strategies for PCIT
