- *Dissertation title:* “The Influence of Juvenile Primary and Secondary Psychopathy and Race on a Mock Jury”
- *Dissertation Chair:* Tom Kennedy, PhD

08/19-03/22: MS, Clinical Psychology. Nova Southeastern University, College of Psychology, Fort Lauderdale, FL, American Psychological Association accredited clinical psychology program.

08/14-05/18: BS, Psychology (Cum Laude). Major: Psychology, Minor: Anthropology, University of Florida, Gainesville, FL.

08/14-05/18: BA, Criminology and Law (Cum Laude). Major: Criminology and Law, University of Florida, Gainesville, FL.

CLINICAL TRAINING EXPERIENCE

07/24-Present: Travis County Juvenile Probation Department, Postdoctoral Resident.

Travis County Juvenile Probation Department, Austin, TX.

Description: Conduct mental health assessments, psychological evaluations, and psychosocial risk assessments with youth involved with the juvenile justice system, including youth in the community, detention, and a residential treatment facility. Facilitate Dialectical Behavior Therapy and social emotional learning groups. Provide interventions to youth involved in a mental health diversion program and youth court-ordered into the department’s residential program, including comprehensive Dialectical Behavior Therapy and Cognitive Behavioral Therapy. Provide supervision to interns. Work and consult with multidisciplinary treatment teams.

Supervisor: Barbara Romanova, PsyD

07/23-07/24: Travis County Juvenile Probation Department, Psychology Intern. Travis County Juvenile Probation Department, Austin, TX.

Description: Conducted mental health assessments, psychological evaluations, and psychosocial risk assessments with youth involved with the juvenile justice system, including youth in the community, detention, and a residential treatment facility. Facilitated Dialectical Behavior

Therapy and social emotional learning groups. Provided interventions to youth involved in a mental health diversion program and youth court-ordered into the department's residential program, including comprehensive Dialectical Behavior Therapy and Cognitive Behavioral Therapy. Provided supervision to a practicum student. Worked and consulted with multidisciplinary treatment teams.

Supervisors: Casey O'Neal, PhD, Daniel Hoard, PhD, Katherine Rose, PsyD, Keeley Crowfoot, PsyD, Jasmine Jenkins, PhD, Jessica Peller, PsyD, Barbara Romanova, PsyD

07/22-12/22: Palm Beach County Detention Center, Mental Health Intern. Palm Beach County Detention Center, West Palm Beach, FL.

Description: Conducted structured interviews, mental status exams, psychoeducation, and suicide assessments with adult inmates in both general population and mental health units at a maximum-security facility. Provided group therapy and administered various personality assessments to juveniles detained at the facility. Attended multidisciplinary treatment team meetings and write progress notes for jail medical records.

Supervisors: Nathalie Stepp, PsyD, Tom Kennedy, PhD

08/21-8/22: Adolescent Drug Abuse Prevention and Treatment Clinic, Psychology Trainee. Psychological Services Center, Nova Southeastern University, Fort Lauderdale, FL.

Description: Provided outpatient treatment to adolescents who have been arrested for minor offenses, have substance abuse problems, or are at risk for developing such problems. Services included initial assessment, individual therapy, and parent training. Utilized various cognitive-behavioral interventions (e.g., progressive muscle relaxation, guided imagery, problem solving, behavioral contracting, cognitive restructuring, annoyance review, and social skills training).

Supervisor: Vincent Van Hasselt, PhD

08/20-08/21: Forensic Psychology Practicum, Psychology Trainee. Psychology Services Center, Nova Southeastern University, Fort Lauderdale, FL.

Description: Provided assessments, evaluations, and interventions to individuals and groups within the forensic settings described below. Scored and interpreted various psychological assessments.

- *Broward Regional Health Planning Counsel, Inc.:* Provided individual and group therapy to individuals in a post-arrest diversion program. This included Dialectic Behavior Therapy and competency restoration. Conducted initial, six-month, and twelve-month evaluation assessments and reports. Attended weekly trainings and peer to peer supervision.
- *ChildNet/Legal Aid:* Conducted court ordered custody evaluations with parents and juveniles. Completed evaluation reports, communicated with caseworkers, and collected essential information to provide recommendations.
- *Krome Detention Center:* Conducted court asylum and competency evaluations for individuals on trial or being detained and assessed for deportation with personality, trauma, cognitive, and projective measures.

Supervisors: Tom Kennedy, PhD, David Shapiro, PhD, David Feldman, PhD

OTHER CLINICAL EXPERIENCE

08/18-06/19: Intern. Meridian Behavioral Health, Forensics Department, Gainesville, FL.

Description: Observed mental health counselors and caseworkers that worked with clients with legal issues. Observed group and individual sessions with clients. Visited the Alachua County

jail and the Alachua County courthouse to meet with clients and screen them for the jail diversion program. Participated in violence assessment training utilizing the HCR-20. Attended mental health court proceedings and probation assessments. Participated in the day-to-day activities of the counselors, caseworkers, and forensic liaisons, established a toiletry drive for displaced clients, consolidated a community resource guide for clients, and partook in training classes and seminars relevant to the forensics program.

Supervisor: Erica Goldstein, MS

PROFESSIONAL EXPERIENCE

07/20-08/23: Program Manager. Nova Southeastern University, College of Psychology, MS in Forensic Psychology Program, Fort Lauderdale, FL.

Description: Acted as a liaison between administration, faculty, and students, and address any problems that arise during the semester to ensure that the program runs smoothly. Managed all communication to teacher's assistants and faculty and recruited and assigned teacher's assistants for each course. Tracked past, current, and future curriculum structure ensuring that all courses are offered at the appropriate time. Facilitated the collection of assessment of student learning outcomes data.

Supervisors: Francis De Piano, PhD, Donna Hillier, PsyD

RESEARCH EXPERIENCE

01/18-05/18: Lab Manager. University of Florida, Department of Sociology and Criminology and Law, Gainesville, FL.

Description: Managed the research assistants and their schedules, produced important documents that contributed to the operation of the lab, and approved the codes and data collected by research assistants. Served as the only undergraduate lab manager and worked closely with the supervisor on her research study. Additionally, worked in the facilitation of research regarding juvenile waiver and bias during voir dire and participated in the coding of trial transcripts and the collection of relevant cases.

Supervisor: Lora M. Levett, PhD

05/15-05/18: Research Assistant. University of Florida, Department of Social Psychology, Gainesville, FL.

Description: Assisted in the facilitation of experiments and research. Specifically, acted as the experimenter in studies focusing on body language, emotional recognition, and sexual behavior. Analyzed the data collected from those studies using SPSS software. Monitored participants and assisted with any technical problems. Led research meeting discussions based on relevant research and literature reviews.

Supervisor: Gregory Webster, PhD

08/17-12/17: Research Assistant. University of Florida, Department of Sociology and Criminology and Law, Gainesville, FL.

Description: Assisted in the facilitation of experiments and research regarding the "CSI Effect" within the criminal justice system. Led research meeting discussions based on relevant research and literature reviews. Responsibilities included working with graduate students and other research assistants to collect and review relevant articles, brainstorming possible experiment concepts, and becoming knowledgeable in the "CSI Effect" and voir dire process.

Supervisor: Lora M. Levett, PhD

05/16-08/17: Research Assistant. University of Florida, Department of Sociology and Criminology and Law, Gainesville, FL.

Description: Assisted in the facilitation of experiments and research. Acted as the experimenter, interviewer, and confederate in a study on interview methods within the criminal justice system. Utilizing deception, the study presented a monopoly game that participants played as a group, with a confederate “cheater.” Participants were then interviewed using different techniques to determine which techniques correlated with more specific “confessions.” Contributed to the coding of video data obtained in the study.

Supervisor: Zoe Arthurson-McColl, PhD
