

## Internship Program Admissions

Date Program Tables are updated: 09/01/2020

**Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:**

The South Florida Consortium Internship Program (SFCIP) is fully affiliated with the Nova Southeastern University College of Psychology (COP) doctoral programs and only accepts applications from NSU COP students. The SFCIP is a collaborative effort of Nova Southeastern University and cooperating agencies whose mission is to offer a 2000-hour doctoral internship for qualified doctoral students in health service psychology. The aim of the SFCIP is to train and educate interns to competently practice health service psychology following the Practitioner Informed by Science model of training. Upon completion of the internship, the intern will have acquired the knowledge, skills and professionalism to move to the postdoctoral resident level. SFCIP member sites are committed to a philosophy of providing interns with the opportunity to acquire generalist skills through the provision of instruction, supervision, and experience in a wide spectrum of functions engaged in by a health service psychologist. The community based training sites that form the SFCIP provide an array of clinically and culturally diverse populations that offer our interns supervised clinical training and experience during a one-year placement at one of the Member sites (see handbook for site descriptions: <https://psychology.nova.edu/common-pdf/programs/trainingprograms/sfcip-handbook-202021.pdf>), supplemented by weekly training activities at NSU. All SFCIP interns are expected to develop proficiency in the execution of the nine (9) profession-wide competencies (i.e., research, ethical and legal standards, individual and cultural diversity, professional values, attitudes, and behaviors, communication and interpersonal skills, assessment, intervention, supervision, and consultation and interprofessional skills) within community settings (i.e., Consortium partner sites). Training in a breadth of clinical issues and ethical and legal professional standards are incorporated into supervision and seminars to further prepare interns for generalist practice and the highest standards of professional conduct.

**Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:**

Total Direct Contact Intervention Hours	<b>Yes</b>	No	Amount: 600
Total Direct Contact Assessment Hours	Yes	<b>No</b>	Amount: N/A

**Describe any other required minimum criteria used to screen applicants:**

The SFCIP is fully affiliated with the Nova Southeastern University's COP doctoral programs and only accepts applications from the NSU College of Psychology clinical and school psychology doctoral students during all phases of the match.

--

**Financial and Other Benefit Support for Upcoming Training Year\***

\*Note. Programs are not required by the Commission on Accreditation to provide all benefits listed in this table

## Initial Post-Internship Positions

(Provide an Aggregated Tally for the Preceding 3 Cohorts)

	2016-2019	
Total # of interns who were in the 3 cohorts	50	
Total # of interns who did not seek employment because they returned to their doctoral program/are completing doctoral degree	0	
	<b>PD</b>	<b>EP</b>
Community mental health center	9	0
Federally qualified health center	0	0
Independent primary care facility/clinic	0	0
University counseling center	0	0
Veterans Affairs medical center	3	0
Military health center	0	0
Academic health center	6	0
Other medical center or hospital	7	0
Psychiatric hospital	1	0
Academic university/department	2	0
Community college or other teaching setting	0	0
Independent research institution	0	0
Correctional facility	0	0
School district/system	2	0
Independent practice setting	12	0
Not currently employed	2	0
Changed to another field	0	0
Other	3	0
Unknown	3	0

Note: "PD" = Post-doctoral residency position; "EP" = Employed Position. Each individual represented in this table should be counted only one time. For former trainees working in more than one setting, select the setting that represents their primary position.
