# NOVA SOUTHEASTERN UNIVERSITY

---

Nova Southeastern University is a not-for-profit, fully accredited, coeducational University classified by Carnegie as both a “high research” and “community engaged” University. It was founded in 1964 as Nova University. NSU’s main campus is located on the 314-acre main campus in Ft. Lauderdale-Davie. It has a presence throughout Florida, the U.S. and in nine countries. Its 18 Colleges of study offer undergraduate, graduate, and professional programs in the fields of medicine, psychology, pharmacy, arts and sciences, dental medicine, education, law, optometry, computer and information sciences, humanities and social sciences, human services and justice, nursing, business, and oceanography. NSU also brings cultural enrichment to the community through the Museum of Art, the Miniaci Performing Arts College, public access to the Alvin Sherman Library, Research and Information Technology College, and programs in the performing and visual arts.

From the beginning, the University has distinguished itself by its innovative outlook, its unique programs that provide both traditional and nontraditional choices in educational programs, and its research in many fields aimed at solving problems of immediate concern to the community. The University’s Colleges and programs share a common mission to educate students for leadership roles in a variety of professions. Through the Nova Southeastern University plan, students master competencies at each academic level, develop a sense of professional ethics and responsibility, and learn to appreciate the role of the professional as a key individual in society.

NSU stresses the critical relationship between theory and practice; it reinforces and tests the classroom experience through applied research and community service as integral parts of academic experience. Consistent with its mission, the University extends its resources to provide educational opportunities to working professionals nationwide, with faculty teaching on the main campus, online, at regional campuses throughout Florida and Puerto Rico, and across the country. NSU also delivers programs through a variety of educational technologies, including telecommunications. Nova Southeastern University is committed to the idea that education should not be time-bound or place-bound. Through its educational offerings, research projects, and programs of public service, the University encourages the free exchange of ideas and the search for knowledge that is the cornerstone of the academic tradition.

Nova Southeastern University programs are approved for educational benefits by the Bureau of State Approval for Veterans Training, Florida Department of Veterans Affairs. The University is authorized under federal law to enroll nonimmigrant alien students.

Nova Southeastern University’s general policies on student relations are on file in the Office of the University Registrar.

### **Notices of Accreditation**

Nova Southeastern University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate's, baccalaureate, master's, educational specialist, doctorate, and professional degrees. Nova Southeastern University also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of Nova Southeastern University may be directed in writing to the Southern Association of Colleges and School Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or by calling (404) 679-4500, or by using information available on SACSCOC's website ([www.sacscoc.org](http://www.sacscoc.org)).

### **University Equal Opportunity/Non-discrimination/Title IX Statement**

Consistent with all federal and state laws, rules, regulations, and/or local ordinances, it is the policy of Nova Southeastern University not to engage in any discrimination or harassment against any individuals and to comply with all federal and state laws, orders, and regulations. Any such acts are unacceptable and strictly prohibited by the university.

In addition, the law prohibits retaliation against an individual for opposing any practices forbidden under this policy, for bringing a complaint of discrimination or harassment, for assisting someone with such a complaint, for attempting to stop such discrimination or harassment, or for participating in any manner in any investigation or resolution of a complaint of discrimination or harassment. This policy applies to all activities and programs. Inquiries about perceived discrimination, related policies and Title IX may be referred to NSU's Title IX coordinator, the U.S. Department of Education's Office of Civil Rights, or both.

For inquiries or complaints regarding perceived discrimination based on gender or sex, please contact:

# **Doctoral Program in School Psychology**

---

The College of Psychology Doctoral Program in School Psychology (Psy.D.) is accredited by the Commission on Accreditation of the American Psychological Association. Questions related to the accredited status of the program should be directed to the Commission on Accreditation:

Office of Program Consultation and Accreditation  
American Psychological Association  
750 1<sup>st</sup> Street, NE, Washington, DC 20002  
Phone: (202) 336-5979 / Email: [apaaccred@apa.org](mailto:apaaccred@apa.org)  
Web: <https://www.apa.org/ed/accreditation>

The doctoral program in school psychology holds the designation of full accreditation status by the National Association of School Psychologists (NASP). The doctoral curriculum is designed to be consistent with the Florida state licensure requirements as both a school psychologist and a psychologist under Chapter 490, *Florida Statutes*.

The program is committed to a practitioner-informed-by-science training model. Students are prepared as highly competent problem-solvers who draw upon a strong foundation in core knowledge areas of school psychology to promote the educational and social-emotional competence of students. Moreover, students are prepared to offer a full continuum of empirically supported and innovative services, including prevention, consultation, assessment, and intervention. Graduate education builds upon the crucial base of scientific knowledge and develops the skills necessary for professional competence. It prepares students to be lifelong interpreters and utilizers of research through a mentorship in the process of scientific investigation. Students develop a capstone Directed Study that demonstrates their research interpretation and utilization proficiency. Intensive, sequential practica and course-specific tasks are designed to provide students with opportunities for the application and integration of methods of psychological assessment, consultation, and intervention under close supervision. Internship provides the culminating training experience in preparing the student as a health service provider. Additional supervised experience may be required for licensure as a psychologist. Students should carefully review state licensure and certification laws and rules to ensure adequate preparation for credentialing, including the number of internship hours which must be spent in schools.

The program recognizes the importance of delivering school psychological services within a collaborative framework. Students learn to view problems from a systems perspective, focusing on the roles of the student, family, school, community, and policy makers. Training emphasizes an awareness of, sensitivity to, and respect for individual differences within the context of each of these systems. Technological resources and competencies are similarly woven throughout the curriculum to train school psychologists to deliver services in the most efficient manner by utilizing contemporary tools and strategies.

Students benefit from the expertise of full-time faculty whose primary interests and expertise are in the field of school psychology, including two former NASP presidents. The college has approximately 70 full-time faculty members who include nationally renowned professionals, as well as several core part-time and adjunct faculty who work as practitioners or administrators in

the schools. Moreover, the School-related Psychological Assessments and Clinical Interventions (SPACI) clinic, within the Psychology Services Center (PSC), serves many of the training needs of school psychology students. Individuals within the community regularly seek out the services delivered by this clinic for psychological assessment, consultation, and intervention for individuals across the lifespan. As part of their regular practicum experiences, students in the program have the opportunity to link theory to practice by observing, consulting, assessing, and intervening with children, teachers, and parents at the Mailman Segal Center (MSC) for Human Development and the University School of NSU (USchool), both of which are part of the NSU community.

## **PROGRAM PHILOSOPHY**

The doctoral program in school psychology embodies and supports the mission of Nova Southeastern University and of the College of Psychology. This is accomplished through quality education and training in psychology, provision of service to the community, and advancement of empirically-supported clinical findings. Training is guided by the integration of the sciences of psychology and education so as to promote the mental health, achievement, and well-being of all students and their families through the blending of traditional and innovative approaches to service delivery.

The program is committed to a practitioner-informed-by-science training model. Students are prepared to be highly competent problem-solvers who draw upon a strong foundation of core knowledge in the profession of psychology and the specialty area of school psychology to promote social-emotional and educational competence of all students.

To prepare students adequately to meet the current and future expectations of the field, the program faculty recognize the need for school psychologists who are leaders and who are accomplished in assessment, consultation, and intervention at the individual and systems levels. Assessment, linked to intervention for the purposes of both prevention and remediation of student difficulties, is an essential goal of training. Consequently, students are prepared to offer a broad continuum of innovative, as well as empirically-supported, group and individually-targeted services. Graduate education builds upon the crucial base of scientific knowledge to develop the skills necessary for professional competence. Program graduates are prepared to become health service providers, to engage in professional association activity, and to dedicate themselves to lifelong learning.

Intensive, sequential, field-based experiences are designed to provide students the opportunities to apply and to integrate methods of prevention, consultation, psychological assessment and intervention. The program emphasizes the importance of delivering school psychological services within a collaborative framework. Students are taught to deliver psychological services within a collaborative and interpersonal framework. Students also learn to view problems from a systems perspective, focusing on the dynamic interrelationships among learners, families, schools, communities, and policy makers. Training emphasizes an awareness of, sensitivity to, and respect for diversity and individual differences within the context of each of these systems. Awareness of these unique differences is emphasized in every domain of practice. They recognize the critical importance of public policy advocacy and use these skills to advance human rights and the specialty area. Development of technological competencies is similarly woven throughout the

curriculum to train school psychologists to deliver services in the most efficient and student-centered manner.

## **PROGRAM AIM**

The aim of the doctor of psychology (Psy.D.) program in school psychology is to prepare health service psychologists to meet the educational, behavioral, social, and emotional needs of the individuals, families, and educational personnel they serve. The program focuses on addressing, assessing, and evaluating attainment of the Profession-Wide Competencies (PWCs) and Discipline-Specific Knowledges (DSKs) as outlined by the Standards of Accreditation (SoA) of the American Psychological Association (APA) through the lens of the practitioner-informed-by-science-training model.

**Accordingly, the aim of the doctoral program in school psychology is to train health service psychologists who demonstrate the following knowledges and competencies:**

Benchmark I. The breadth of scientific psychology through foundations in the Discipline-Specific Knowledge (DSK) areas, including:

- Category 1. History and Systems of Psychology;
- Category 2. Basic Content Areas in Scientific Psychology;
- Category 3. Integrative Knowledge in Scientific Psychology; and
- Category 4. Research Methods, Statistical Analysis, and Psychometrics

Benchmark II. The foundations of practice in health service psychology, within school psychology. This includes the following four indicators:

- 1) ethical and legal standards;
- 2) individual and cultural diversity;
- 3) professional values and attitudes; and
- 4) communication and interpersonal skills.

Benchmark III. Broad and general competencies necessary for effective work in practitioner-informed-by-science roles, including the following four indicators:

- 1) assessment,
- 2) intervention,
- 3) supervision, and
- 4) consultation and interprofessional/interdisciplinary skills

Benchmark IV. The ability to apply research and statistics to inform professional practice.

Consistent with doctor of psychology (Psy.D.) training, our program prepares graduates for entry-level practice as health service psychologists who will be lifelong consumers of research. Following degree conferral, our graduates are eligible for national certification as a school psychologist and licensure as a psychologist. They are well-prepared to practice in a wide-range of health service psychology settings, including schools, independent practice, community mental health agencies, and hospitals.

***Note:** The Minimum Level of Achievement (MLA) for all assessments of competency is 80%. The reader is referred to the Program Remediation Policy for information regarding support for and remediation of Students who fail to attain the MLA.*

**I. Profession-Wide Competencies**

The Standards of Accreditation (SoA) of the American Psychological Association (APA) recognize nine **Profession-Wide Competencies**, which serve as the foundation of health service psychology.

**1. Research:** Substantive knowledge of scientific methods, procedures, and practices.

Students are expected to demonstrate competency as follows:

- Demonstrate the substantially independent ability to formulate research or other scholarly activities (e.g., critical literature reviews, dissertation, efficacy studies, clinical case studies, theoretical papers, program evaluation projects, program development projects) that are of sufficient quality and rigor to have the potential to contribute to the scientific, psychological, or professional knowledge base.
- Conduct research or other scholarly activities.
- Critically evaluate and disseminate research or other scholarly activity via professional publication and presentation at the local (including the host institution), regional, or national level.

**2. Ethical and legal standards:** Responds professionally in demonstrating ethical and legal standards in increasingly complex situations with a greater degree of independence across all levels of training.

Students are expected to demonstrate competency as follows:

- Be knowledgeable of and act in accordance with each of the following:
  - the current version of the APA Ethical Principles of Psychologists and Code of Conduct;
  - relevant laws, regulations, rules, and policies governing health service psychology at the organizational, local, state, regional, and federal levels; and
  - relevant professional standards and guidelines.
- Recognize ethical dilemmas as they arise, and apply ethical decision-making processes in order to resolve the dilemmas.
- Conduct self in an ethical manner in all professional activities.

**3. Individual and cultural diversity:** Demonstrates knowledge, awareness, sensitivity, and skills when working with diverse individuals and communities who embody a variety of cultural and personal backgrounds and characteristics.

Students are expected to demonstrate competency as follows:

- Understand how their own personal/cultural history, attitudes, and biases may affect how they understand and interact with people different from themselves.

- Have knowledge regarding the current theoretical and empirical knowledge base as it relates to addressing diversity in all professional activities, including research, training, supervision/consultation, and service.
- Demonstrate competency in integrating awareness and knowledge of individual and cultural differences in the conduct of professional roles (e.g., research, services, and other professional activities). This includes the application of a framework for working effectively with areas of individual and cultural diversity not previously encountered over the course of their careers. Also included is the ability to work effectively with individuals whose group membership, demographic characteristics, or worldviews are in conflict with their own.
- Demonstrate the requisite knowledge base, ability to articulate an approach to working effectively with diverse individuals and groups, and application of this approach effectively in their professional work.

**4. Professional values and attitudes:** Responds professionally in demonstrating professional values and attitudes in increasingly complex situations with a greater degree of independence across all levels of training.

Students are expected to demonstrate competency as follows:

- Behave in ways that reflect the values and attitudes of psychology, including integrity, deportment, professional identity, accountability, lifelong learning, and concern for the welfare of others.
- Engage in self-reflection regarding one's personal and professional functioning; engage in activities to maintain and to improve performance, well-being, and professional effectiveness.
- Actively seek and demonstrate openness and responsiveness to feedback and supervision.
- Respond professionally in increasingly complex situations with a greater degree of independence as they progress across levels of training.

**5. Communication and interpersonal skills:** Responds professionally in demonstrating communication and interpersonal skills in increasingly complex situations with a greater degree of independence across all levels of training.

Students are expected to demonstrate competency as follows:

- Develop and maintain effective relationships with a wide range of individuals, including colleagues, communities, organizations, supervisors, supervisees, and those receiving professional services.
- Produce and comprehend oral, nonverbal, and written communications that are informative and well-integrated; demonstrate a thorough grasp of professional language and concepts.
- Demonstrate effective interpersonal skills and the ability to manage difficult communication well.

6. **Assessment:** Responds professionally in demonstrating competence in conducting evidence-based assessment consistent with the scope of health service psychology.

Students are expected to demonstrate competency as follows:

- Demonstrate current knowledge of diagnostic classification systems, functional and dysfunctional behaviors, including consideration of client strengths and psychopathology.
- Demonstrate understanding of human behavior within its context (e.g., family, social, societal, and cultural).
- Demonstrate the ability to apply the knowledge of functional and dysfunctional behaviors including context to the assessment and/or diagnostic process.
- Select and apply assessment methods that draw from the best available empirical literature and that reflect:
  - the science of measurement and psychometrics
  - collect relevant data using multiple sources and methods appropriate to the identified goals and questions of the assessment
  - relevant diversity characteristics of the service recipient
- Interpret assessment results:
  - following current research and professional standards and guidelines
  - to inform case conceptualization, classification, and recommendations
  - guarding against decision-making biases
  - distinguishing the aspects of assessment that are subjective from those that are objective
- Communicate orally and in written documents the findings and implications of the assessment in an accurate and effective manner sensitive to a range of audiences.

7. **Intervention:** Implements evidence-based interventions with a wide variety of theoretical orientations or approaches and directed at the individual, family, group, and system levels.

Students are expected to demonstrate competency as follows:

- Establish and maintain effective relationships with the recipients of psychological services.
- Develop evidence-based intervention plans specific to the service delivery goals.
- Implement interventions informed by the current scientific literature, assessment findings, diversity characteristics, and contextual variables.
- Demonstrate the ability to apply the relevant research literature to clinical decision-making.
- Modify and adapt evidence-based approaches effectively when a clear evidence-base is lacking.
- Evaluate intervention effectiveness, and adapt intervention goals and methods consistent with ongoing evaluation.

- 8. Supervision:** Supervision is grounded in science and integral to the activities of health service psychology.

Students are expected to demonstrate competency as follows:

- Demonstrate knowledge of supervision models and practices.

- 9. Consultation and interprofessional/interdisciplinary skills:** Consultation and interprofessional/interdisciplinary skills as integral to the activities of health service psychologists to collaboratively address a problem, seek or share knowledge, or promote effectiveness in professional activities.

Students are expected to demonstrate competency as follows:

- Demonstrate knowledge and respect for the roles and perspectives of other professions.
- Demonstrates knowledge of consultation models and practices.

## **II. Discipline-Specific Knowledge**

The Standards of Accreditation (SoA) of the American Psychological Association (APA) recognizes four categories of **Discipline-Specific Knowledge** integral to the training of health service psychologists.

*Note: A final grade of 80% or higher is needed in order to pass the course and establish that a student has met the required minimal level of achievement (MLA) for attainment of the Discipline-Specific Knowledge.*

### **Category 1: History and Systems of Psychology**

The first category of discipline-specific knowledge must result in substantial knowledge in:

- History and Systems of Psychology, including the origins and development of major ideas in the discipline of psychology.

### **Category 2: Basic Content Areas in Scientific Psychology**

The second category of discipline-specific knowledge must result in substantial knowledge in:

- Affective Aspects of Behavior, including topics such as affect, mood, and emotion.
- Biological Aspects of Behavior, including multiple biological underpinnings of behavior, such as neural, physiological, anatomical, and genetic aspects of behavior.
- Cognitive Aspects of Behavior, including topics such as learning, memory, thought processes, and decision-making.
- Developmental Aspects of Behavior, including transitions, growth, and development across an individual's lifespan.
- Social Aspects of Behavior, including topics such as group processes, attributions, discrimination, and attitudes.

**Category 3: Advanced Integrative Knowledge of Basic Discipline-Specific Content Areas**

The third category of discipline-specific knowledge must result in substantial understanding and competence in the following areas:

- Advanced Integrative Knowledge of Basic Discipline-Specific Content Areas, including graduate-level scientific knowledge that entails integration of multiple basic discipline-specific content areas identified in Category 2 (i.e., integration of at least two of: affective, biological, cognitive, social, or developmental aspects of behavior).

**Category 4: Research Methods, Statistical Analysis, and Psychometrics**

The fourth category of discipline-specific knowledge must result in substantial understanding and competence in the following areas:

- Research Methods, including topics such as strengths, limitations, interpretation, and technical aspects of rigorous case study; correlational, descriptive, and experimental research designs; measurement techniques; sampling; replication; theory testing; qualitative methods; meta-analysis; and quasi-experimentation.
- Statistical Analysis, including topics such as quantitative, mathematical modeling and analysis of psychological data, statistical description and inference, univariate and multivariate analysis, null-hypothesis testing and its alternatives, power, and estimation.
- Psychometrics, including topics such as theory and techniques of psychological measurement, scale and inventory construction, reliability, validity, evaluation of measurement quality, classical and contemporary measurement theory, and standardization.

# Curriculum and Degree Completion Requirements

---

The **Doctoral Program in School Psychology** is a program of study typically requiring the successful completion of four or five years of post-baccalaureate study, including a 2000-hour doctoral internship. On average, students will enroll in 15 credit hours per semester.

A student must complete all courses for the degree with a grade point average of at least 3.0. **The Doctoral Program in School Psychology requires 118 semester hours of graduate credit, including three years of practica, a capstone research project (the Directed Study), and a 2000-hour doctoral internship.** All students must pass the comprehensive examinations as well as the research requirement as part of their degree completion requirements. A student is expected to complete and to graduate from the doctoral program within no more than seven years from the date of first enrollment.

Students who are not certified teachers and who wish to obtain certification as a school psychologist may need to complete additional course work or to submit documentation as required by their respective state. Prior to degree conferral, students must complete and pass the most recent versions of the Florida Teacher Certification Examination – Subject Area (SAE) Test in School Psychology, the PRAXIS School Psychologist Test (5403), and any additional course work/examinations identified during the continued program accreditation process. As state mandates are subject to change, students should expect changes or modifications to the curriculum and degree requirements.

## Certification/Licensure

The curriculum of the doctoral program in school psychology (Psy.D.) meets the credentialing requirements of the Florida Department of Education (DOE) for certification in school psychology, as well as the criteria for licensure as a school psychologist and as a psychologist within the state of Florida, as delineated in Chapter 490 of the *Florida Statutes*. Certification allows graduates to be employed in the public or private schools, while licensure allows for independent practice or employment in hospitals and community agencies.

Please be advised that in accordance with state and federal regulations, NSU is required to provide the following information to applicants and students completing their coursework outside of the state of Florida, including field experiences (e.g., internships, practica, clinical placements), when their program of study customarily leads to professional licensure.

Nova Southeastern University, College of Psychology, Doctoral Program in School Psychology program meets the credentialing requirements of the Florida Department of Education (FDOE) and the National Association of School Psychologists (NASP) National Certification in School Psychology (NCSP). In addition, the curriculum meets the criteria for licensure as a school psychologist and as a psychologist within the state of Florida, as delineated in Chapter 490 of the *Florida Statutes*. Certification allows graduates to be employed in the public or private schools, while licensure allows for independent practice or employment in hospitals and community agencies.

Certification and licensure requirements for school psychologists vary by state and these requirements can change frequently and often without notice. At this time, the College of Psychology cannot confirm whether its Doctor of Psychology in School Psychology degree meets all of the licensure and certification requirements in a student's state of residence. Students should refer to their state licensing and certification body for further information.

We advise you to contact your state's credentialing body to ensure the degree will meet requirements for certification and/or licensure in the state in which you seek to be licensed or certified. School psychology credentialing requirements by state may be found on the NASP website through the following link: <https://www.nasponline.org/standards-and-certification/state-school-psychology-credentialing-requirements>. Information regarding licensure to practice psychology by state may be found on the Association of State and Provincial Psychology Boards (ASPPB) and through the following link: <https://www.asppb.net/page/ReqPsych>.

If you have trouble obtaining the information you need, or if you have any other questions, please contact the Director of Clinical Training for the school psychology program.

The Psy.D. curriculum is developed and monitored on an ongoing basis by school psychology faculty to:

- 1) Be consistent with NASP and APA accreditation requirements, and
- 2) Prepare graduates for the professional practice of school psychology.

The College of Psychology cannot guarantee that the curriculum completed will meet all states' and Canadian provinces' eligibility requirements for licensure at the time of your application, as each entity's requirements are subject to change. As a result, the curriculum is subject to change in response to modifications to accreditation/certification standards.

### **Coursework**

The curriculum of the program is presented on the next several pages, including a model course sequence. While the courses will generally be offered in the sequences shown, exceptions do occur. The student should, therefore, not regard the sequence as inviolable. The student should exercise care to ensure that all prerequisites are met and should seek advisement from the Program Office and/or Director of Academic Affairs as needed. **The student is responsible for ensuring that all coursework has been completed prior to the initiation of internship.**

### **Dissemination of Research Competency**

Students must demonstrate the competency to evaluate and to disseminate research or other scholarly activity via at least one peer-reviewed publication as first author or a professional presentation as first presenter at the local (within the university), state, national, or international level. All students must submit a proposal as the primary presenter of a paper session, poster session, or symposium at a psychology conference. Publications as first author in a peer-reviewed journal or other peer-reviewed publication will serve to meet this criterion.

It is strongly encouraged that each student present at one or more of the following conference(s): the Florida Association of School Psychologists (FASP), the National Association of School Psychologists (NASP), the American Psychological Association (APA), or the International

School Psychology Association (ISPA). If the student seeks to present at a different conference, they must submit information regarding the conference to the Director of Academic Affairs. The director, in collaboration with the core school psychology faculty, will make a determination as to whether the conference is appropriate, and if deemed appropriate, will be included on a list of approved conferences for the purpose of meeting this dissemination requirement for future Students.

### **En-Route Master of Science in School Psychology**

Students enrolled in the Psy.D. program in school psychology may earn as an intermediate degree, the master of science in school psychology. The curriculum for this degree consists of all courses (or their equivalents) including practicum and supervision in the first two years of the model doctoral curriculum (minimum of 73 credit hours). Courses transferred into Nova Southeastern University's doctoral program do not count toward this degree.

Graduates with this degree will not have met the educational requirements for certification or licensure in the State of Florida and should not expect to provide psychological services as an independent practitioner. Rather, this degree should be utilized by the Psy.D. student to demonstrate master's level achievement in psychology or to qualify for a master's level of employment. Students completing the above requirements may complete a degree application form and pay the required fee; however, they may not participate in the master's graduation ceremony.

### **Comprehensive Examinations**

To demonstrate mastery of subject area competencies in school psychology and as part of the degree requirements, all doctoral students must sit for and earn passing scores on the following written comprehensive examinations:

1. Florida Teacher Certification Examination – Subject Area Test in School Psychology (SAE) (required for certification in the state of Florida)  
*(Complete during the Fall semester of Year 3)*
2. Praxis School Psychologist Examination (5403) (required for school psychology licensure in the state of Florida and NCSP certification)  
*(Complete during internship)*

Passing scores are required on all the above listed examinations in order to graduate. A minimum score of 155 is required on the Praxis (5403) Subject Area Exam. Further information will be provided to Students at the appropriate time in their curriculum.

**NOTE:** All students, regardless of their route to admission (i.e., following completion of the bachelor's degree, 73 credit hours in the specialist program, or following completion of the specialist degree), are required to complete the Florida Teacher Certification Examination – Subject Area Test in School Psychology (SAE) and the Praxis School Psychologist Examination (5403) **during matriculation** in the school psychology doctoral program.

## **APPLIED TRAINING**

### **Practica**

The practicum sequence in the doctoral program is intended to provide the student with exposure to a broad range of school psychological service delivery models and closely supervised assessment and intervention experiences. Practicum settings include placements at the Mailman Segal Center (MSC), the University School and the School-related Psychological Assessments and Clinical Interventions Clinic (SPACI) on the NSU campus, the Summer Reading Explorers Program (SREP), as well as in local school districts, private/charter schools, clinics, and agencies. These practicum settings give students the opportunity to work with a diverse range of clients and problems. Faculty and administrators of the doctoral program will approve the student's readiness for practicum and will determine the student's practicum site placement based upon their annual review. **Students who do not meet the minimum requirements will be advised and remediated as appropriate.** To be eligible to register for practicum, students must have successfully completed or be co-enrolled in the following course work:

### **Pre-requisite/Co-Requisite Courses for the Doctoral Practica**

#### **Practicum in School Psychology: Foundations III**

PSY 8190 – Practicum in School Psychology: Foundations I

PSY 8195 – Practicum in School Psychology: Foundations II

#### **Practicum in School Psychology: School Based I**

Pre-requisites:

PSY 8150 – Counseling Theories and Techniques

PSY 8182 – Cognitive Assessment I: Theory, Research, and Practice with Lab

PSY 8190 – Practicum in School Psychology: Foundations I

PSY 8195 – Practicum in School Psychology: Foundations II

Corequisites:

PSY 8100 – Development: Child and Adolescent

PSY 8110 – Psychology of Exceptional and At-Risk Children

PSY 8115 – Child and Adolescent Psychopathology

PSY 8135 – Organization and Operation of Schools

PSY 8165 – Applied Behavioral Assessment and Intervention

PSY 8255 – School Consultation Skills

PSY 8270 – Ethical, Legal, and Professional Issues for School Psychologists

PSY 8280 – Academic Assessment for Intervention

#### **Practicum in School Psychology: School Based II**

PSY 8290 – Practicum in School Psychology: School Based I

### **Practicum in School Psychology: Advanced Assessment and Interventions I**

Pre-requisites/Corequisites\*

PSY 8290 – Practicum in School Psychology: School-Based I

PSY 8184 – Cognitive Assessment II: Linking Assessment to Intervention

PSY 8286 – Assessment of Personality and Social-emotional Functioning for Intervention

PSY 8292 – Comprehensive Data-Based Decision-Making: Integrated Report \*

### **Practicum in School Psychology: Advanced Assessment and Interventions II & III**

PSY 8390 – Practicum in School Psychology: Advanced Assessment and Intervention I

Three years of practicum courses are required to afford Students an opportunity to work with a variety of students, parents, and teachers over time. Practicum responsibilities may include individual and small-group counseling and/or skills training; psychological assessment and intervention; consultation with parents, teachers, and/or other school personnel; teacher in-service; parent conferencing/training; progress monitoring; individual and large group testing; involvement in the exceptional student education process; and other experiences relevant to the practicum setting.

Practicum placement procedures vary depending on placement. Students must abide by the differing guidelines. **Certain sites may require students to complete a security clearance, which may include, but not be limited to, a background screening and fingerprinting.** Students are responsible for the cost of their own fingerprinting and background checks for practica and internships. Students with any concerns about this issue should seek advisement at the beginning of their program.

Students are ineligible for practicum if they have not completed prerequisite courses, have not passed or remediated all curricular requirements at 80% minimum level of achievement (MLA) associated with the prerequisite courses, are on academic probation, or have been deemed as not ready by the Director of Clinical Training and/or the Professional Standing Committee (PSC). Such evaluation would follow written referral by members of the faculty or university staff, a determination of sufficient concern by clinical training to refer the case, and a finding by PSC as not ready for practicum. The finding may include needed remedial actions.

School psychology students may choose to complete a 600-hour elective School Psychology Internship during their fourth year of graduate education in a school district under the supervision of a licensed psychologist or an individual appropriately credentialed for the setting. **All students are required to complete a minimum of 600 internship hours in a PK-12 setting prior to graduation.**

### **School Psychology Internship**

The culminating field based training experience of the doctoral program is the internship in school psychology. Students are required to complete a 2000-hour doctoral internship. See the *Handbook of Field-Based Training Experiences in School Psychology* for additional information.

### **Pre-requisite Courses for the Doctoral Internship**

Completion of all coursework, including *PSY 8206 Directed Study*, is required in order to begin internship. It is the student's responsibility to investigate and to apply for APPIC internship opportunities. Prior to submitting applications, students' eligibility must be reviewed. The Director of Clinical Training will verify the student's eligibility to accept and subsequently begin an internship based upon the *Annual Review* form. Because of the competitive nature involved in the process of obtaining an internship, each student is required to apply to multiple settings as advised by faculty and administrators. The student is advised to review the *Internship Application Guidelines* and to attend all scheduled meetings to sufficiently prepare for the internship application process.

To accept an internship placement, a student must be in good academic standing and must have successfully completed all academic requirements as described above.

### **Eligibility for the Doctoral Internship**

Students are eligible to apply for internship when they have:

- a) successfully completed or are projected to complete prior to start of internship all courses within the curriculum except for the six credits of internship and have met the expected minimum levels of achievement (MLA);
- b) attained all profession-wide competencies (PWCs) with a score of 80% or higher;
- c) demonstrated successful progress in the completion of their directed study and are projected to complete and pass the project by December 1;
- d) passed the Florida Teacher Certification Examination (FTCE) School Psychology Subject Area Examination (SAE); and
- e) have demonstrated sound comportment by meeting all of the College of Psychology Core Performance Standards for Admissions and Progress.

## **COLLEGE OF PSYCHOLOGY BACKGROUND SCREENING**

The NSU College of Psychology may require students within its graduate programs to submit to a Level 1 and/or Level 2 background check, as defined in Chapter 435, Florida Statutes, prior to enrollment in a practicum, internship, or other training activity. Students enrolled in such programs are required to authorize the NSU College of Psychology or affiliate training facilities to obtain background check(s) pursuant to this policy.

If the background check(s) reveals information of concern, which the NSU College of Psychology may deem unfavorable, the College will request that the individual provide a detailed written explanation of the information contained in this report, along with appropriate documentation (e.g., police reports). Students may also be required to authorize training facilities that they are assigned to by the College of Psychology to obtain a background check with the results reported to the training facility. Acceptance of a background screening by an NSU College of Psychology program does not automatically guarantee that a student with information of concern will be accepted by training facilities to which they may be assigned. Students with questions concerning the background checks should contact their respective college and/or academic program for more information.

**Continuing Duty to Disclose**

Students enrolled in NSU's College of Psychology have a continuing duty to disclose any arrest, conviction, guilty or no contest plea, adjudication of guilt withheld for a criminal offense or participation in a pretrial diversion program or its equivalent for any criminal offense. Students are required to notify the Dean's office within 10 days of any arrest or subsequent conviction, guilty or no contest plea, or participation in a pretrial diversion program or its equivalent for any criminal offense.

While enrolled at NSU, students have a continuing duty to disclose all the above, along with any arrests or pending criminal charges, within 10 days of any arrest or charges filed. Students must notify the Dean or designee of any arrests or pending criminal charges. A failure to timely disclose any arrests or pending criminal charges may result in disciplinary action, up to and including dismissal from NSU.

# Academic Regulations and Information

---

## CALENDAR AND CLASSES

### Academic Year

The academic calendar is outlined at the beginning of this handbook. The academic year of the doctoral program is divided into three semesters. Students are required to register for Fall, Winter, and Summer semesters while fulfilling the minimum residency requirement as outlined in the Residency and Full-Time Status section of this handbook. Summer semester offers courses that are semester-long or have the same amount of work condensed into the first or second half semester. All 1.5 and 3 credit courses meet 15 class hours per credit, regardless of scheduling format; 1.5 credit courses typically meet for 7.5 weeks, while 3 credit courses meet for 15 weeks.

### Attendance

Students are required to attend all scheduled learning activities, including classes, lectures, seminars, examinations, and practicum meetings. Anticipated absences should be cleared in advance with the instructor. Absence from any part of 8-week format courses may necessitate a withdrawal from the course. Excessive absences from semester-length courses may result in a lower grade at the instructor's discretion or may necessitate a withdrawal from the course. Attendance at practicum and internship sites is governed by the site calendar, as opposed to the NSU academic calendar. Students are expected to abide by site requirements for attendance. Additionally, students are required to attend doctoral meetings as scheduled. If a student fails to attend these meetings, they will be required to provide documentation for absence to the Director of Training.

## STUDENT ENROLLMENT

All students are considered full-time students when they register for six (6) credits (or enrollment in PSY 8396 or PSY 8398) per semester. This requirement is independent of the number of transfer credits the student may receive. During the final internship year, students are considered full-time when enrolled in the internship seminar course and completing an approved full-time internship.

In order to maintain active student status, all students are to be in continuous registration until they receive their degree unless prior approval is received from the Program Office. **Continuous registration for a minimum of 1 credit hour must be maintained until the degree is awarded. Failure to remain in continuous registration will be considered formal withdrawal from the program. Students who do not complete courses for two (2) consecutive semesters will be considered not in continuous enrollment and will be reviewed by the program office.** If only the capstone research project remains to be completed, the student must enroll for 1 credit hour of continuing advisement.

### Residency and Full-Time Status

Students are considered to be full-time if they complete six (6) credit hours each semester. All Students must complete a minimum of three full-time academic years within the program to be eligible for the doctoral degree. The final internship year requires completion of one (1) credit hour each semester in order to maintain full-time status. Students receiving financial aid who are

considering completing less than the scheduled credit hours in any given semester, should discuss this with the program academic advisor and financial aid advisor. **It is the responsibility of the student to seek advisement of options available for completing the doctoral program.**

**For certain forms of financial aid, full-time and part-time status may be defined differently. Aid during the summer semester may require summer registration. Students applying for financial assistance MUST clarify this with the Office of Student Financial Assistance. The academic progress of students is reviewed annually by this office, and financial aid may be impacted if not deemed satisfactory. Only courses required by the degree program are eligible for financial aid.**

### **Students with Disabilities**

Please refer to the College of Psychology Catalog within the College's general student resources webpage (<https://psychology.nova.edu/students/current-student.html>). For additional information on the university's ADA policy and obtaining reasonable accommodations, please contact the Office of Student Disability Services at (954) 262-7185, [disabilityservices@nova.edu](mailto:disabilityservices@nova.edu), or <https://www.nova.edu/disabilityservices/index.html>.

### **Leave of Absence (LOA)**

A leave of absence is a temporary period of time during which the student is not in attendance but is not considered withdrawn from the university. A student may request a leave when they can demonstrate an extenuating circumstance beyond the realm of their control. A request for leave due to poor academic performance, financial issues, or to delay the return of unearned Title IV funds is not considered an extenuating circumstance.

Federal guidelines state the maximum period of time allowed for an approved LOA is 180 days within a 12-month period. If the student is granted one LOA, and then is granted a second LOA, the total period of both LOAs cannot exceed 180 days within the 12-month period. Prior to an LOA approval, the university must determine there is a reasonable expectation the student will return from the leave.

- **Conditions for a Leave of Absence**

All approved LOAs (status and dates) must be reported to the National Student Clearinghouse (NSC).

A student who was approved for a leave for less than 180 days but fails to return to the university when the LOA is over will be reported as withdrawn to the NSC as of the last date of attendance.

Students who are concurrently enrolled in multiple programs of study cannot request a leave from one program and remain enrolled in a second program. Students cannot be registered in any program at the university during an approved LOA. The university will not disburse any financial aid to students while on an approved LOA.

A student is expected to return at the end of his or her approved LOA. A student returning from an LOA is required to complete the courses they started prior to the leave. The university cannot impose additional charges or disburse additional financial aid until the student has earned the Title IV financial aid previously paid for the courses.

- **Requesting a Leave of Absence**

The *Leave of Absence Request Form* must be submitted at least 14 days prior to the start of the requested leave unless the student is incapacitated and unable to meet the 14-day requirement. Leaves requested after the semester/term has begun will be considered for approval only in a documented extreme circumstance.

To receive an approved LOA:

1. The student must have successfully completed one (1) semester/term in their current degree program.
2. The student must confer with their academic advisor/program office prior to submitting the *Leave of Absence Request Form*.
3. The student must not be in an academic standing that prohibits registration.
4. The student must not have a hold(s) (e.g., disciplinary, financial, etc.) which would prohibit registration. An employee hold is an exception to this requirement.
5. The student must submit a written, signed, and dated *Leave of Absence Request Form*, with documentation, detailing the reason(s) for the LOA being requested and declaring an expected return date. Medical LOA requests must be accompanied by a signed typed letter/form from a medical doctor or treating psychologist on their letterhead. Military LOA requests must be accompanied by a copy of the military orders.

Students, where possible, should seek advisement from their program director or advisor when considering a leave.

The Leave of Absence Request Form and policy statement can be found here: [Leave of Absence Policy \(nova.edu\)](#).

### **Time Limits**

To assure that an awarded degree represents up-to-date knowledge, skills, and research, students are required to complete their program and be awarded a doctoral degree within seven years from the date of first enrollment. In the event that a matriculated student who has been in continuous enrollment does not complete all requirements within the time limit (excluding approved leaves of absence), he or she must enroll in the Doctoral Program and:

1. Maintain full-time status, minimum nine (9) credits per semester, excluding summer sessions.
2. Complete remaining degree requirements, which will include any course work that is more than seven (7) years old.
3. An additional six (6) credits may be taken during the summer; either three (3) credits of course work and three (3) credits of supervision, or six (6) credit of course work. Alternatively, these 6 credits may be taken as an additional 3 credits of course work during both fall and winter semesters.

**Financial aid will not cover any courses beyond the model curriculum. The student is encouraged to consult with the Office of Financial Assistance in order to plan accordingly.**

### **Failure to Register**

In order to remain an active and matriculated student, registration is required in every semester until the completion of degree requirements unless a leave of absence has been granted. **Failure to remain in continuous registration will be deemed the student's formal withdrawal from the program.** Such students must make formal application and go through the entire admission process if they wish to reenter the program at a later date. All other program, college, and university requirements will be in effect.

## **ADVISEMENT**

### **Orientation**

All new students are required to attend orientation before the start of the first semester. Students will be provided with needed information about the university, college, and program, as well as register for the first semester. Students will have an opportunity to meet with core and associated faculty members, as well as upper-level students enrolled in the program.

### **Academic Advisement**

Administrators and faculty are accessible to students to assist with course planning and selection, appraisal of academic standing, review of university policies and procedures, and response to individual circumstances. The formal orientation program begins the advisement process. Students will be familiarized with the academic program and requirements, registration procedures, library and technology information, student rights and responsibilities, and other relevant programmatic issues. By February of the first year of graduate study, students should identify a faculty advisor/mentor. The purpose of the faculty advisor/mentor is to mentor students, to conduct annual reviews of their progress through the program, to ensure that students develop an understanding and appreciation of school psychology, and to facilitate the development of a Directed Study project. Students are referred to the *Doctoral Program in School Psychology Directed Study Guidelines* for specific information about development of the Directed Study.

It is possible to change the faculty advisor/mentor if the student believes that another member of the faculty would be more appropriate. To make the change, students are to put the request in writing and send the request to the Director of Academic Affairs. Students are encouraged to contact the Director of Academic Affairs / Program Office whenever there is a question regarding specific course requirements. Individual general advisement is offered through full-time and core school psychology faculty and the site manager. Students should meet with their academic advisor/ mentor regularly.

All matters pertaining to a student's record, scheduling of classes, leaves of absence, class absences, etc. should be directed to the program administration office.

### **Peer Mentoring**

Prior to orientation, each student will be assigned a mentor from among upper-level student cohorts. This mentor will be available to all first year students to provide support and peer advisement. This process is coordinated by the Graduate Association of School Psychology (GrASP) and monitored by the site manager.

## ACADEMIC STANDING

**All students must attain minimum levels of achievement (MLA) of 80% or higher on each competency assessment. Any student who obtains a score lower than 80% is required to engage in a remediation process to attain the MLA.**

The academic standing policy for all graduate programs in the College of Psychology requires students to maintain a minimum cumulative grade point average of 3.0. In addition, other minimum requirements are in existence as outlined below. Failure to meet these requirements will result either in academic probation or dismissal.

### **Probation**

Academic probation will occur automatically when any of the following conditions exist:

1. The cumulative grade point average falls below 3.0;
2. A grade of “F” is earned;
3. Three concurrent incompletes “I” appear on the transcript.

The student, program faculty, and the Department Chair will be notified in writing of the student's probationary status by the Director of Academic Affairs.

If, while enrolled in practicum, a student is placed on probation, the Department Chair will decide whether the student will be eligible to begin or continue practicum or will be terminated from practicum. The student is allowed one year (two full semesters, excluding summer sessions and leaves of absence) to remove probationary status. While on probation, students must maintain full-time enrollment.

No student on probation will be permitted to apply for internship or to register for Directed Study credit.

Academic probation may affect the student's financial aid status.

### **Dismissal**

Automatic dismissal from a doctoral program in the College of Psychology will occur when any of the following conditions exist:

1. Academic probation extends beyond one year.
2. More than 2 grades below “B-” are earned.
3. Two grades of “F” are earned.
4. A grade of Fail is earned during internship. Internship cannot be repeated.
5. Being dismissed from or having employment involuntarily ended on internship.

**Grades below “B-” earned by students who are admitted from the specialist program will be counted as part of the total grade below B- toward dismissal.**

**Students who are academically dismissed or are dismissed from NSU will not be considered for re-admission.**

### **Record Retention Policy**

The program maintains extensive records for each student documenting their performance and attainment of the minimum level of achievement (MLA) in the completion of coursework, practica, comprehensive examinations, annual review, and annual surveys. The files are maintained for ten years if in hard copy, after which time the files are converted to an electronic file. Paper copies must be shredded and destroyed using a secure service for disposal of confidential information when they become obsolete after the ten year period.

## **REMEDIATION POLICY**

A student earning a grade of “F” in any course must repeat and successfully complete the course within one year (two full semesters, excluding summer sessions and leaves of absence). Both the initial and the remediation grade shall remain on the student's academic record and shall count toward an accumulation of below “B-” grades; however, only the higher of the two grades will be counted toward the student's grade point average.

A grade lower than “B-” in any course with the exception of an elective does not satisfy curriculum requirements, and the course must be repeated. If a grade lower than “B-” is earned in an elective course, the student has the option of repeating the course or taking another course that will satisfy the curriculum requirements. Both grades shall remain on the student's record and shall count toward accumulation of below “B” grades. If a course is repeated, only the higher of the two grades will be counted toward the student's grade point average; however, if an alternate elective is taken, both grades will be counted toward the student's grade point average.

**As part of the Remediation Policy of the college, an instructor who gives a grade below B- indicates on a written form the reason for the grade and suggestions for remediation. The Director of Academic Affairs will review these suggestions and meet with the student's instructor for further remediation planning. Any student earning a grade below B- or placed on academic probation is required to meet with the Director of Academic Affairs for advisement, to determine the reasons for not making satisfactory progress, and to implement appropriate supports (e.g., a student who evidences difficulties in statistics may evidence an underlying mathematics deficit).**

A grade lower than a “B-” in a practicum course reflects inadequate performance and requires the student to repeat the practicum and be evaluated by the Director of Clinical Training as to fitness to continue in the practicum sequence. Dismissal from or otherwise being asked to leave a practicum likewise requires formal evaluation by the Director of Clinical Training. At their discretion, the Director of Academic Affairs may include other members of the primary school psychology faculty in such determination. If reinstatement in the practicum sequence is judged to be feasible, successful completion of a remediation process may be required prior to such reinstatement. In addition, if a student is to be continued, the practicum is to be repeated (although not at the same practicum placement) and a grade of “B-” or better must be achieved in the repeated practicum course.

## **Remediation Process for Practicum**

If a student in a practicum evidences difficulties in knowledge acquisition and/or skill development or shows behavioral difficulties that interfere with their acquisition of the competencies needed to enter the profession, including but not limited to those pertaining to Core Standards for Admission and Progress, three stages of remediation can be employed. First, the field-based supervisor, faculty supervisor, or both will discuss the difficulties with the student, suggest changes (e.g., directed readings) or implement changes (e.g., review of additional audio recordings of student practicum performance), and monitor and provide feedback on their impact. Second, if such steps do not lead to the warranted knowledge or skill improvement, the field-based and faculty supervisor will jointly develop a written performance improvement plan, review it with the Director of Clinical Training, and discuss and sign it with the student before implementation. The fully signed performance improvement plan will be provided to the Director of Clinical Training for review, monitoring, and placement into the student's file. Working with the school psychology faculty, they will meet with the student and their supervisors, identify the areas of continuing deficit or surfeit, and determine whether interruption of the clinical practicum sequence is warranted to facilitate more intensive remediation steps. Such steps can include, but are not limited to, retaking a specified skills course, shadowing more advanced practicum students, interns, or postdoctoral residents, and/or seeking personal therapy with a specified outcome. A minimum time period for the remediation process may be specified. Behavioral indicators for successful completion of the remediation process will be identified and included in a written remediation plan. At the scheduled conclusion of the remediation period, the student and the practicum supervisors will meet again to review the student's performance on the behavioral indicators, and determine whether the student (1) can return to clinical practicum training, (2) needs to extend the remediation plan with or without modification(s), or (3) warrants referral to the Professional Standing Committee for a determination of their fitness to continue doctoral training.

## **Remediation Guidelines**

In addition to earning course grades below a “B-,” remediation may occur if the student, faculty, or field-based supervisors identify concerns regarding student performance in the completion of coursework, directed study, practica, internship, or in any area of professional behavior. As part of the remediation guidelines for the Doctoral Program in School Psychology, the following applies:

- a. Identifying a student in need of remediation: Identification of a student in need of remediation is the responsibility of the course instructor and can occur during the course or at completion of course requirements. Upon completion of each course, instructors shall record the percentage earned for each competency area assessed in that course.
- b. Determining the remediation task: Remediation tasks are determined by the student, course instructor, and Program Directors and a Competency Remediation Plan (CRP) is developed. Many issues can be resolved through dialogue with the course instructor, field-supervisor or your faculty advisor. However, if a consistent pattern of challenges emerges in meeting the program competencies, the faculty will develop a remediation plan to assist Students in meeting program benchmarks. Remediation plans will focus on setting goals and measureable outcomes for improvement. The student will be expected to successfully complete the goals delineated within the remediation plan within a designated time limit. At times, field-based practicum supervisors will be involved in this process if the issue is related to applied practice. The remediation plan will be reviewed on an ongoing basis and the student and faculty will work together to monitor progress. Students may be required

to complete a 1-credit independent study course to address deficits comprehensively. If progress is not achieved in meeting the goals, the faculty may recommend that the student not continue in the program. In addition, the program faculty reserves the right to make an immediate recommendation for dismissal when an egregious situation occurs (e.g., ethical violations, harm to clients/students, etc.).

Forms to be used for Remediation are found in Appendices E – F.

## ANNUAL REVIEW

Annual review is an important vehicle for monitoring student progress and must be completed at the end of the Summer semester after years one and two, prior to embarking on internship after year three/four, and during each year that the student is enrolled in the doctoral program. Students are required to submit an Annual Student Self-Evaluation and Annual Student Survey prior to the annual review each academic year. Students are expected to document their progress in the completion of the *Doctoral Program in School Psychology Annual Survey* by providing information regarding their (a) performance in academic course work and attainment of at least a minimum level of achievement (MLA) of profession-wide and discipline-specific competencies, (b) passing scores on required competency examinations, (c) research and writing, (d) attendance at professional conferences and workshops, (e) professional presentations, (f) membership in professional associations, (g) teaching and research assistantships, (h) service delivery, (i) professional behavior, (j) other professional activities, (k) other work and community activities, (l) goals for the next academic year, and (m) a well-developed self-care plan. Within these areas, progress will be rated as “unsatisfactory,” “satisfactory,” or “exceptional.” Prior to the meeting with their faculty mentor, Students will also submit (as appropriate) the Continuous Professional Improvement Plan developed in *PSY 8197 Practicum in School Psychology: Foundations III* or the Self Improvement Plan (SIP) which is developed in *PSY 8292 Comprehensive Data-Based Assessment: Integrated Report*. Students will be provided both oral and written feedback regarding their performance in these areas by their mentor. Strengths and areas for growth are identified and incorporated into the self-improvement plan for each student. If remediation is required, activities are further identified and a Competency Remediation Plan (CRP) is devised. Students who require additional support or who demonstrate deficiencies are reviewed more regularly and no later than six months after the annual review. At times, remediation may necessitate support at the level requiring the student to enroll in an independent study for 1 credit hour as outlined by the plan. Annual review information will be evaluated by the school psychology faculty and a copy of the review will be provided to the student.

Numerous other data points will be identified and evaluated within the context of the doctoral program at designated time points. In addition to course-embedded examinations and work products, students will be required to complete case studies in their internship class which will be evaluated utilizing the program’s rubric. Furthermore, Students will be required to pass the Florida Department of Education (DOE) Professional Examination in School Psychology (required for certification in the state of Florida) prior to embarking on internship. In addition, prior to graduation, Students must obtain an 80% passing score (at least 155) on the National School Psychology Examination offered as the Praxis School Psychologist test (5403). Cohort data on these assessments will be aggregated and analyzed to inform curriculum development and modification. Finally, in order to obtain licensure as a psychologist, Students are required to take

the Examination for Professional Practice of Psychology (EPPP). Students are referred to the state in which they intend to be licensed for specific requirements.

Forms to be used for Annual Review are found in Appendices A – D.

## GRADING POLICY

The following policies apply to all academic programs in the College of Psychology effective Fall 2017. All degree programs in the College of Psychology doctoral programs assign grades to coursework according to the following system:

| Grade | Points or Percentage Earned | Quality Points |
|-------|-----------------------------|----------------|
| A     | 93–100                      | 4.00           |
| A-    | 90–92                       | 3.75           |
| B+    | 88–89                       | 3.50           |
| B     | 83–87                       | 3.00           |
| B-    | 80–82                       | 2.75           |
| C+    | 78–79                       | 2.50           |
| C     | 73–77                       | 2.00           |
| C-    | 70–72                       | 1.75           |
| F     | Below 70                    | 0.00           |

In all courses, a letter grade will be assigned based on the individual instructor's assessment and evaluation of the student's work. Some courses (e.g., Directed Study, internship) are assigned grades of **Pass (P)** or **Fail (F)**.

A grade of **“W”** is assigned when a student withdraws from a course after the “last day to drop courses with refund,” as indicated in the Academic Calendar. A grade of **“W”** will appear on the official transcript. Students failing to officially withdraw before the specified date will be subject to grading as described in the course syllabus.

A **“PR”** (Progress) grade indicates that clinical activities (e.g., internship) are **ongoing** within the field-based sequence of training. At the end of the final semester of the training sequence either a letter grade or a grade of **P** must be issued. A grade of **“PR”** (Progress) is issued for a practicum course when the hour requirements have not been met. A grade of **“PR”** is also used during the remediation process when a student fails to attain the minimal level of achievement (MLA) on a Profession-Wide Competency (PWC). The grade of **“PR”** may also be used for Directed Study in which a student continues to demonstrate progress toward the completion of said requirement.

A grade of **“I”** (Incomplete) indicates that the student has not completed some of the course requirements during the scheduled time and the instructor has given additional time to do so. An **“I”** grade is not routinely assigned in courses. An **“I”** grade is not assigned by faculty when students fail to complete the majority (at minimum 50%) of course requirements. Students cannot be assigned an **“I”** to finish extra credit work.

**A student must request a grade of Incomplete from the instructor.** If the instructor approves an Incomplete, a contract form is signed by the instructor and the student and submitted to the Program Office. The contract must specify the following:

1. The requirements to be completed by the student to remove the grade of Incomplete.
2. The time period within which the student must satisfy the Incomplete. The time limit is to be specified by the instructor, but must not exceed 10 weeks from the end of the semester.
3. The grade that the student will receive if the Incomplete is not satisfied by the conclusion of the specified time period.

Should the instructor choose not to assign a grade of Incomplete, the grade assigned will then be based upon the instructor's assessment of the quality and quantity of work completed.

A student will not be permitted to register for a sequential course when a grade lower than a B- or an "I" (incomplete) has been received in a prerequisite course.

### **Grade Dispute Policy**

Grade disputes shall be limited to concerns about the method(s) (i.e., error in calculation of grades) by which grades are determined. A student seeking to dispute a decision regarding a course grade and/or other evaluation should seek solutions through the following administrative channels by entering at the appropriate level and proceeding in the order stated:

- a. Course Instructor/Supervisor
- b. Director of Academic Affairs
- c. Department Chair or Designee (***Final Decision of Dispute Process***)

A student seeking to resolve a grade problem or dispute through the administrative channels cited above must initiate such action in writing within five business days (excluding official school holidays and weekends) from the date that the grade was recorded in Self-Service Banner/WebSTAR. The grade appeal should include a concise statement of the basis of the appeal and shall not exceed one (1) page. The student will then have five days from the time of notification of the decision at each level in order to proceed to the next level in the administrative channels cited above (i.e., if the student receives notification of an unfavorable decision by the course instructor/supervisor, the student must proceed with his/her appeal to the program administrator within five days of said notification). Where a student fails to either initiate this process or proceed through this process within the specified time frame, the student will be deemed to have waived his/her right to dispute the grade in question.

In the case of a grade dispute or other appeals relating directly to a student's academic performance, an administrator may not substitute his/her judgment for the performance appraisal of the faculty member rendering the grade or assessing the students' work. **The decision of the faculty chair is the final decision in the process. There are no further appeals permitted.**

## REGISTRATION

All enrolled students are expected to be in continuous enrollment every semester until they receive their degree (see section on Student Enrollment). Arrangement with the Office of the Bursar regarding payment of tuition and fees is part of the registration process and registration is a prerequisite to class attendance.

### Registration Policies and Procedures

Continuing students register directly on the university system: <https://sharklink.nova.edu>. Personal Identification Numbers (PINs) used as a password to gain entry into the system are assigned at the beginning of a student's enrollment.

All students must complete the Student Enrollment Agreement (SEA) form in order to register for classes. The SEA requires students to agree with NSU standards and policies regarding course registration and withdrawal, financial responsibility, a release of liability, and more. Students registering for courses will be prompted to complete the form as part of the registration process on [Sharklink](#) and [Self Service Banner](#).

### Payment of Tuition and Fees

Payment of tuition and fees is due within 30 days of the beginning of a particular semester. Students awarded financial aid will have fees/tuition deducted before receiving a refund.

Arrangement with the Office of the Bursar regarding payment of tuition and fees is part of the registration process and **registration is a prerequisite to class attendance**. The academic calendar stipulates the last day for completing late registration.

After students have registered, should any problems arise related to registration information or credit for fees, students should contact the Program Office at (800) 541-6682 (NOVA), Ext. 25826.

Students receiving financial aid will be required to pay tuition and registration fees in accordance with the policies of the Office of Student Financial Planning.

## **Tuition and Fees for the 2026-2027 Academic Year**

Doctoral tuition for 2026-2027 will be charged at the rate of \$1416 per credit hour. **Students should anticipate an annual review of fees by the university and possible increases.** Students are expected to pay tuition in full at the time of registration. Students receiving financial aid must familiarize themselves with the requirements of that office with regard to payments, and may defer payment only if they have been officially notified of an award. Once a loan check is disbursed, students will be responsible for making all appropriate payments.

|                                      |                                                                                    |
|--------------------------------------|------------------------------------------------------------------------------------|
| Application Fee                      | \$ 50.00 (nonrefundable)                                                           |
| Tuition Fee                          | \$ 1416.00 per credit hour                                                         |
| Student Service Fee                  | \$ 680.00 per semester (4 or more credits)<br>\$ 340.00 per semester (1–3 credits) |
| *Student Health Insurance            | \$2430.00 (12-month coverage)                                                      |
| Textbooks and Supplies               | \$1014.00 (approximate cost per semester)                                          |
| Late Payment Penalty                 | \$ 100.00 per semester                                                             |
| Professional Liability Insurance Fee | \$ 10.00 per semester                                                              |
| Transcript fee                       | \$ 19.50 printed, \$17 electronic                                                  |
| Fingerprinting/Background Checks     | Determined by Agency                                                               |
| Comprehensive Examinations           | Examination fees apply                                                             |

\*All NSU students are required to maintain adequate health insurance. Students who already have comparable coverage may waive out of the NSU plan. Fees are assessed per semester. For details, visit the NSU Student Health Insurance website: <https://www.nova.edu/bursar/health-insurance/index.html>

The expenses outlined above are to be considered very general estimates and may vary considerably depending on individual circumstances. Some courses may require additional fees for laboratory and/or equipment (e.g. calculator, testing materials) and supplemental course materials. Students are provided NSU email computer accounts at no charge. Students need to make arrangements for Internet access and pay the corresponding fee.

**\*Please note that all above fees are subject to change without notice.**

### **Professional Liability Insurance**

All doctoral students are required to carry professional liability insurance coverage provided through the University. Students are required to enroll in the plan at the time of each registration. All Students are required to abide by ethical standards of the profession as delineated in the State Board of Education, rule 6B-1.001, FAC the Code of Ethics of the Education Profession in Florida. Students will similarly adhere to the *National Association of School Psychologists (NASP) Principles for Professional Ethics* (2024 Revision) (<https://www.nasponline.org/standards-and-certification/professional-ethics>) and to the *American Psychological Association Ethical Principles of Psychologists and Code of Conduct* (2024 Amendments) (<http://www.apa.org/ethics/code/index.aspx>). In addition to complying with the policies and procedures of the College of Psychology, students must also follow all rules and regulations of the agency/school/district where his or her practicum and/or internship will be completed.

The college/student professional liability insurance policy provides protection while the student is attending Nova Southeastern University and while he or she is engaging in approved college

activities. This policy does not provide coverage for non-approved or non-college related activities.

### **Refund Policy**

Fees other than tuition are not refundable. Students who wish a tuition refund must notify the program office in writing of their request and their reason for withdrawal. Unless written notification is on file, students are assumed to be active participants and are responsible for tuition payments.

Any student in good standing enrolled in the Doctoral Program in School Psychology wishing to withdraw from classes because of illness or some other satisfactory reason must contact the School Psychology Program Office immediately at (954) 262-5826 / (800) 541-6682, ext. 25828 or email [osulliva@nova.edu](mailto:osulliva@nova.edu).

Adjustment of tuition fees will be computed from the date on which the notice is received by the Program Office.

- a) No part of the application fee or the registration fee will be refundable upon withdrawal.
- b) The refundable percentage of the total tuition (paid or due) will be computed in accordance with the refund schedule and rates provided of the College of Psychology Academic Calendar in at the beginning of this handbook.

### **Class Cancellation Policy**

The university reserves the right to cancel any class. If a class is cancelled and a replacement is not offered, then Students will receive a full refund of tuition paid for the cancelled class. If the student registered only for that class, then the registration fee would be refunded as well.

### **Drop/Add & Refund Schedule**

The academic calendar outlines the dates and refund schedule for courses dropped or added. A course that is dropped within the time frame indicated on the academic calendar will not appear on the student's official transcript.

### **Withdrawal from a Course**

When the student withdraws from a course prior to the first class, the course is deleted from the student's record. A grade of "W" (Withdrawn) is assigned when a student withdraws from a course after the "last day to drop courses with refund" as indicated in the Academic Calendar. If the student fails to withdraw by the final published date to withdraw for the term, the student will be assigned the grade earned in the course or a grade of "F". **Withdrawal from a course may affect the student's financial aid status and/or require return of dispersed funds.** A withdrawal on the official transcript will be included in attempted credit hours.

### **Auditing a Course**

An audit is a registration status allowing students to attend a course without receiving academic credit. Undergraduate, graduate, and professional students may audit a course that does not require special preparation (e.g., prerequisite courses) and/or admissions to a program of study. Students have access to course materials and assignments but will not be required to submit assignments, participate in discussions, or take exams.

NSU must ensure all students participating in a course are registered to have accurate class rosters of individuals in a classroom in case of an emergency, to comply with maximum seating limits as set by fire marshal regulations, and to maintain university records.

### **Requirements for Course Audit**

- A course may only be audited with the written approval from the instructor and Department Chair/Director after determining if the student has met any prerequisites tied to the course.
- Students wishing to audit a course must complete the Course Audit Request Form found at [Course Audit Policy \(nova.edu\)](http://nova.edu).
- A course can only be audited on a space-available basis. The registration will not be processed until all non-audit students are registered.
- Students are not able to register to audit a course through their SharkLink account. The registration(s) must be processed through their advisor or program office.
- An audit course does not affect a student's part-time or full-time enrollment status and does not count toward the determination of continuous enrollment.
- An "AU" grade will be posted to the student's academic record and will appear on the academic transcript for any audited course(s) but will not affect the student's attempted credits, earned credits, and grade point average (GPA).
- Students must identify themselves to their instructor as auditing students and discuss the parameters of participating in class discussions and completing assignments and exams.
- Evaluation of course work is at the discretion of the instructor.
- An audited course cannot be changed to a letter grade once the course has begun (or vice versa). If a letter grade is required, a student must retake the course and pay full tuition and all applicable fees.
- An audited course(s) does not fulfill degree or certificate requirements.
- Except for students participating in the Lifelong Learning Institute, the cost of an audit course will be 100 percent of the course tuition cost as well as the University Student Services Fee, the Registration Fee, and any additional applicable fees.
- Financial aid (e.g., scholarships, grants, discounts, and loans) will not be available to cover the cost of an audit course. Audited courses will not be counted toward a student's financial aid eligibility.
- Instructors may request the Department Chair/Director to officially withdraw a student who is auditing a course if the student is interfering with learning in the class. A tuition refund will be considered in accordance with the semester/term refund schedule dates.
- Any course required for the completion of the student's program/degree can only be audited after it has been previously passed. In other words, students may audit a course as a "refresher" but not as a "practice run."

## Transfer of Credit

All transfer credits must be awarded during the student's **first academic year** in the doctoral program. Consideration will be given only to doctoral level courses taken within the past five years and before matriculation in the doctoral program. A request for transfer credit for first semester courses must be made by July 30<sup>th</sup>. Request for transfer credit for all other courses must be made by September 30<sup>th</sup>.

Transfer of credits will be awarded when the course being evaluated meets **all** of the following criteria:

1. It is a doctoral level course taken at an APA accredited program.
2. Only courses that meet the criteria defined by the APA Standards of Accreditation as Category 1, Category 2, or Category 4 in discipline-specific knowledge will be considered for transfer. Specifically, these are: History and Systems of Psychology, Cognitive Aspects of Behavior, Affective Aspects of Behavior, Biological Aspects of Behavior, Developmental Aspects of Behavior, Research Methods, Statistical Analysis, and Psychometrics.
3. No transfer credits may be applied to pre-practicum, practicum, internship, research, theses, or electives.
4. It was completed no longer than five (5) years before the student's first enrollment in the program.
5. A grade of B or higher was received. A grade of P (Pass) or CR (Credit) or other such grades cannot be accepted as equivalent.
6. The course is not offered solely in an online format.

Students requesting transfer of credit must submit a written request for transfer along with supporting documentation to the doctoral program administration. The student must provide the Director of Academic Affairs with a syllabus and catalog description of courses for which transfer is sought. Faculty members evaluating transfer courses will consider the quality/rigor, currency, standardization, and fairness of the method of establishing the knowledge of courses being evaluated. Faculty members evaluating transfer courses may require the student to provide further documentation and supporting material such as class notes, and may request that they meet with the student to obtain clarification. The resulting evaluations are reviewed by the Director of Academic Affairs who makes the final determination.

Transfer credits are not taken into account when computing the student's grade point average. The maximum number of transfer credits that will be applied toward graduation is fifteen (15). Although credits awarded beyond this number may be used to excuse a student from a particular course, an equivalent number of elective courses must be taken in order to fulfill the degree requirements.

Federal Regulations require that veteran Students **MUST** report all prior credit and training, and that the school **MUST** evaluate such and grant credit as appropriate, with training time and tuition reduced proportionately and with the Veterans Affairs and student so notified.

Credits earned at Nova Southeastern University are transferable only at the discretion of the receiving school.

## **DEGREE CONFERRAL**

Students who have completed all requirements for the en-route Master of Science or the doctoral degree must submit an application for degree. Forms are available via the Office of Registrar's website: <https://www.nova.edu/registrar/instructions.html>.

Degree applications require approval by the Office of the Dean, Bursar, Registrar, and Library. These offices verify that requirements are met and that the student's accounts, records, etc. are in good standing.

Upon approval, the application is presented to the University Board of Trustees for conferral. Following the official conferral of the degree, which is noted on the transcript, a diploma is mailed to the student. Students are encouraged to submit their degree applications at least one (1) month prior to the completion of their program.

## **GRADUATION**

Commencement (graduation) exercises for Nova Southeastern University take place each summer. Eligibility is determined by having completed all requirements prior to the graduation date or expecting to complete internship by the end of the summer term. Students eligible to participate in graduation may contact the Office of the University Registrar for information about graduation ceremonies.

## **DEGREE RECISSION POLICY**

Nova Southeastern University (NSU) awards degrees on the basis of the successful completion of all academic and program requirements and in accordance with NSU's Code of Conduct requiring academic honesty and integrity. NSU reserves the right to rescind a degree in the event there are findings of academic misconduct, fraud, or other violations committed by a student in completing and/or obtaining the degree. The Dean or designee of the college or school that oversees the degree program is essential in determining the discovery and receipt of credible information for review or investigation and will follow the protocols outlined in the applicable student catalog and handbook.

The recission recommendation is presented to the Provost and President for review and support. The decision to rescind the degree is the responsibility of the President of the University with the approval of the NSU Board of Trustees.

Once the decision to rescind a degree has been approved by the NSU Board of Trustees, the following will occur:

The Provost will communicate the actions required to formally rescind the degree and will provide the University Registrar, with a copy to the Dean, written authorization to proceed as follows:

- a. Send a certified notification to the individual informing the individual of the university's decision to rescind the degree and requesting return of the diploma provided after degree conferral.
- b. Remove the degree conferred status and date from the individual's academic record, the official transcript, and in all other pertinent education records maintained in the student information system (current and archive).
- c. Inform the College Dean, the National Student Clearinghouse, the Office of Alumni Affairs, the Library (if applicable for publications), and, if applicable, any local, state, national, or international agency of the degree rescission so that their records are revised to reflect this action.
- d. Enter a "Degree Rescinded" notation on the individual's academic record indicating rescission action and date of the Board of Trustee's decision.
- e. Place a University (UA) Hold on the individual's record to prevent future admissions, registration, and enrollment at the university.
- f. Ensure the Provost's written authorization and all supporting documentation are placed in the individual's permanent university records.

# **Core Performance Standards for Admission and Progress**

---

The standards required for admission and evaluation of progress are designed to protect the safety and well-being of clients and others whom graduates of the program will eventually serve in applied settings. Students will be evaluated on an ongoing basis, including in courses, practica, field experience, internship, capstone experiences, etc. Students for the degree must possess with or without reasonable accommodation(s), multiple abilities and skills. In addition to academic abilities and skills, students must possess intrapersonal, communication, behavioral, and personal attributes that are considered integral and necessary parts of professional functioning. Many of these correspond to the Profession-Wide Competencies assessed throughout the program.

Students should be aware – prior to program entry, and at the outset of training – that faculty, training staff, supervisors, and administrators have a professional, ethical, and potentially legal obligation to: (a) establish criteria and methods through which aspects of competence other than, and in addition to, a student’s knowledge or skills may be assessed (including, but not limited to, emotional stability and well-being, interpersonal skills, professional development, capacity for self-care, and personal fitness for practice); and (b) ensure – insofar as possible – that the students who complete the program are competent to manage future relationships (e.g., client, collegial, professional, public, scholarly, supervisory, teaching) in an effective and appropriate manner.

Because of this commitment, and within the parameters of their administrative authority, faculty, training staff, supervisors, and administrators must strive not to advance, recommend, or graduate students with demonstrable problems (e.g., cognitive, emotional, psychological, interpersonal, technical, and ethical) that may interfere with professional competence to other programs, the profession, employers, or the public at large.

While it is difficult to operationally define all characteristics associated with the quality of professionalism, students and faculty have targeted several observable behavioral categories that are considered to be an integral and necessary part of professional functioning. These broad areas include the following:

## **1. Responsible Behavior**

- a) Responds constructively to feedback from supervisors or program faculty
- b) Demonstrates dependability in commitment (e.g., punctuality in attending classes, submitting papers and assignments, meeting with clients, etc.).
- c) Accepts responsibility for own work.
- d) Successfully completes remediation plans and activities;
- e) Resolves issues or problems that interfere with the capacity to acquire knowledge, skills, and attitudes necessary to enter the profession, professional development, or other functioning in a satisfactory manner.
- f) Seeks needed guidance from appropriate sources.
- g) Demonstrates professional comportment.
- h) Abides by the Nova Southeastern University Student Code of Conduct, all College of Psychology policies and procedures, policies and procedures of practicum, internship, or field experience agencies or schools, and state and/or federal law.

- i) Reports immediately any change in status, including arrests, convictions, or incidents in school or field experiences when enrolled as a student.

## **2. Ethical Behavior**

- a) Abides by the ethical standards of the profession as delineated in the *American Psychological Association Ethical Principles of Psychologists and Code of Conduct* ([www.apa.org/ethics/code2024.pdf](http://www.apa.org/ethics/code2024.pdf)). Students will similarly adhere to the *Professional Conduct Manual of the National Association of School Psychologists (NASP)* ([www.nasponline.org/standards/ProfessionalCond.pdf](http://www.nasponline.org/standards/ProfessionalCond.pdf)), the State Board of Education, rule 6B-1.001, FAC the Code of Ethics of the Education Profession in Florida ([http://www.fl DOE.org/edstandards/code\\_of\\_ethics.asp](http://www.fl DOE.org/edstandards/code_of_ethics.asp)), and to the State of Florida Statutes for licensed psychologists (Title XXXII, Chapter 490) ([http://www.leg.state.fl.us/statutes/index.cfm?App\\_mode=Display\\_Statute&URL=0400-0499/0490/0490ContentsIndex.html](http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=0400-0499/0490/0490ContentsIndex.html)).
- b) Complies with university and program requirements, including academic integrity.

## **3. Intrapersonal Behavior**

- a) Displays usual and customary judgment, flexibility, discretion, self-awareness, self-reflection, and self-evaluation.
- b) Demonstrates the ability to function independently.
- c) Understands the content and potential impact of one's own beliefs and values on clients, peers, faculty, allied professionals, the public, and individuals from diverse backgrounds or histories.
- d) Participates in activities that are pursuant to professional development.

## **4. Interpersonal Behavior**

- a) Demonstrates mature behavior.
- b) Presents a generally respectful, non-hostile, and cooperative attitude.
- c) Demonstrates social skills that facilitates interaction and communication with others; listens well, demonstrates empathy.
- d) Relates well to clients, peers, faculty, allied professionals, the public, and individuals from diverse backgrounds or histories.
- e) Is open to the processes of supervision, including the provision of feedback on personal or interpersonal functioning.
- f) Is able to explore issues that may interfere with the appropriate provision of care or impede professional development or functioning.

## PROCEDURES FOR THE MANAGEMENT OF STUDENT PROFESSIONAL MISCONDUCT WITHIN THE SCHOOL PSYCHOLOGY PROGRAMS

When a student's conduct clearly and demonstrably (a) impacts the performance, development, or functioning of the student, (b) raises questions of an ethical nature, (c) represents a risk to public safety, or (d) damages the representation of the university program or psychology to the profession or public, representatives of the programs will review such conduct in the manner described below. Students should be aware that these areas of professional functioning apply to social media platforms as well. As such, posting or other social media activities/content that violate the *APA Ethical Principles of Psychologists and Code of Conduct*, the *Professional Conduct Manual of the National Association of School Psychologists (NASP)*, legal statutes, NSU Code of Student Conduct, or the College's Core Performance Standards for Admissions and Progress may result in a similar review of conduct as described below.

Faculty are responsible for monitoring these areas of functioning, identifying deficits in their Students, providing constructive feedback to them and offering a remediation plan to address those difficulties. Listed below are the procedures in place for addressing these areas of functioning.

**Level I Intervention:** Student violates professional standard or questionable behavior for the *first time*

1. Instructor/Supervisor conferences with student, gives feedback, and suggests remediation.
2. Instructor/Supervisor completes **Professional Behavior Checklist** (see Appendix G) and submits it to the program office where it will be maintained in the student's file. It will list concerns and suggested remediation.

**Level II Intervention:** Student violates standards or questionable behavior for the *second time* with same or another instructor

1. Instructor/Supervisor conferences with student, gives feedback, and suggests remediation.
2. Instructor completes **Professional Behavior Checklist** and submits it to the Director of Training where it will be maintained in the student's file. It will list concerns and suggested remediation.

With TWO referrals, the Director of Training and the Director of Academic Affairs will meet with the student, provide feedback, and suggest remediation. The meeting will be documented, and the student will be monitored as delineated in the remediation plan Director of Training and the instructor/supervisor.

**Level III Intervention:** Student violates standards or questionable behavior for *third time* with same or another instructor

1. Instructor/Supervisor conferences with student, gives feedback, and suggests remediation.
2. Instructor/Supervisor completes **Professional Behavior Checklist** and submits it to Academic Affairs where it will be maintained in the student's file. It will list concerns and suggested remediation.

With THREE referrals, the student will be referred to the Professional Standing Committee for evaluation, feedback, and remediation. The meeting will be documented, and the committee will follow-up with the student in whatever manner it deems appropriate. It is within the purview of the committee to recommend actions up to and including remediation, suspension, or termination

from the program. If any behavior is deemed to be severe in nature, it may result in an immediate referral to the Professional Standings Committee, the NSU Behavioral Concerns Committee, or the NSU Office of Student Affairs.

## **STUDENT CONDUCT**

All students are expected to comply with the legal and ethical standards of this institution. Moreover, students are expected to comply with the ethical codes and standards of practice of the profession/field of study. Academic dishonesty and/or nonacademic misconduct will result in disciplinary action. Specific instances of misconduct include, but are not limited to, cheating, plagiarism, knowingly furnishing false information to the institution, and forging or altering institution documents and/or academic credentials.

When a student-trainee's conduct clearly and demonstrably (a) impacts the performance, development, or functioning of the student-trainee, (b) raises questions of an ethical nature, (c) represents a risk to public safety, or (d) damages the representation of the university program or psychology to the profession or public, representatives of the programs will review such conduct in the manner described below. Students should be aware that these areas of professional functioning apply to social media platforms as well. As such, postings or other social media activities/content that violate the APA Ethical Principles of Psychologists and Code of Conduct, legal statutes, NSU Code of Student Conduct, or the College's Core Performance Standards for Admissions and Progress may result in a similar review of conduct as described below.

The institution reserves the right to require a student to withdraw at any time for misconduct as described above. It also reserves the right to impose probation or suspension on a student whose conduct is determined to be unsatisfactory.

Students who feel their rights have been denied are entitled to due process.

## **PROFESSIONAL STANDING COMMITTEE**

The Professional Standing Committee of the College of Psychology is appointed by the Dean of the college and serves in a variety of capacities related to the review of student professional standing matters. The Committee consists of faculty, a student representative, and other members as appointed by the Dean.

The Committee may be asked to review alleged violations of the NSU Student Code of Conduct (<https://www.nova.edu/studentconduct/index.html>), including academic standards and ethical standards of the field. In addition, the Committee may conduct reviews concerning emotional or behavioral problems serious enough to suggest interference with professional functioning, academic performance, or performance in a practicum or internship setting.

The purpose of the committee's review and recommendations are not limited to disciplinary actions; but may encompass efforts to remediate a deficiency or problems so that the student can continue their education and function competently as a professional. Committee activities are designed to ensure a process by which all relevant facts can be determined, including providing

the student with full opportunity to present important information. Actions the committee may recommend to the Dean could include, but are not limited to remediation, referral, warning or sanctions up to suspension or termination.

In instances of complaints regarding violations of Student Conduct and Academic Responsibility, the Dean may charge the committee with conducting a formal investigation into the facts pertaining to allegations of misconduct. In such cases the committee will adhere to professional standing committee guidelines that ensure a timely and complete review of the facts. The process will insure that the student and involved parties have the opportunity to present relevant information.

# Student Rights and Responsibilities

---

## ETHICAL ISSUES IN THE SCHOOL PSYCHOLOGY PROGRAMS

The school psychology programs are concerned with the welfare of the public, the educational experience of the student, and the development and maintenance of high standards of ethics and practice in the profession and in the program. All students and graduates are expected to be knowledgeable regarding and conform to both the letter and spirit of the current *Professional Conduct Manual of the National Association of School Psychologists* as approved and adopted by the National Association of School Psychologists Association (NASP). In addition, Students should review the provisions of the American Psychological Association's (APA) *Ethical Principles of Psychologists and Code of Conduct*. A copy of the full text of materials to which students and graduates are expected to conform will be made available in the courses PSY 8190 – *Practicum in School Psychology: Foundations I* and PSY 8270 – *Ethical, Legal, and Professional Issues for School Psychologists*, and are also available on the following websites: [www.nasponline.org/standards/ProfessionalCond.pdf](http://www.nasponline.org/standards/ProfessionalCond.pdf) and [www.apa.org/ethics/code2024.pdf](http://www.apa.org/ethics/code2024.pdf). From time to time these materials are amended. Students and graduates are expected to review these materials periodically to ensure that they have an understanding of current guidelines.

Special attention should be paid to the following ethical and professional issues, which are illustrative rather than exhaustive or comprehensive:

1. Students have an obligation to disclose if they have been convicted of a criminal offense, been found guilty, or entered a plea of guilty or nolo contendere (no contest), regardless of adjudication. **The disclosure obligation is a continuing one. All students must report to the College of Psychology any such event that occurs after filing their application.** The College of Psychology will consider new information submitted and, in appropriate circumstances, may change the status of an applicant or student. Students at application give permission to make any necessary inquiries and voluntarily and knowingly authorize any former school; government agency; employer; person; firm; corporation, its officers, employees and agents; or any other person or entity making a written or oral request for such information.
2. No student should represent him/herself as being in possession of the master's, doctoral, or any other degree, either orally or in writing, directly or by implication, until all formal requirements for the degree have been satisfactorily completed and the Board of Trustees has met and conferred the degree.
3. It is misleading and inappropriate to append "doctoral student", or some similar designation, after your name.
4. A student should guard against being in a position of having final clinical **responsibility** for clinical work. This is most important both ethically and legally.
5. When a student is in practicum, the student will verbally identify him/herself to his/her supervisor, the agency or school staff, and each client as a "school psychology trainee".

6. In Florida, new graduates are legally ineligible to represent themselves as “school psychologists” until certified by the Department of Education and/or licensed by the Florida Department of Health, or to offer or to advertise independent school psychological services until the Florida license is obtained.
7. In Florida, recent graduates may apply for a provisional license. “A provisional licensee must work under the supervision of a licensed school psychologist/psychologist until the provisional licensee is in receipt of a license or a letter from the department stating that he or she is licensed as a school psychologist/psychologist.” A provisional licensee must “submit a letter signed by a licensed school psychologist/psychologist who is in good standing and not under disciplinary investigation, who agrees to supervise the provisional licensee according to law.”
8. Any academic, professional, or personal difficulty that results in action being taken by the College of Psychology regarding a student will be brought to the attention of a program administrator. Depending upon the particular type of difficulty identified, a number of procedures are available to the program administrator.
9. Students should familiarize themselves with Chapter 490, *Florida Statutes*, the Florida State law governing licensure as a school psychologist, as well as Chapter 64B, Florida Administrative Code, the rule implementing Chapter 490, *Florida Statutes*.
9. Students should familiarize themselves with Plan One, Rule 6A-04311, State of Florida Department of Education specialization requirements on certification in school psychology. In addition, students should familiarize themselves with the Florida Sunshine State Standards.

## **DUAL RELATIONSHIP BETWEEN FACULTY MEMBERS AND STUDENTS**

In principle, the NASP and APA policies and ethical standards discourage dual relationships. However, recognition is given to the fact that, given the complexity and diversity of our functions, certain dual relationships between faculty members and students are bound to arise. Faculty members and students are therefore urged to be sensitive to and aware of the existence of dual relationships and to enter into these with full awareness of their implications. Any dual relationships which are not in the best interests of the student are prohibited.

Sexual relationships between a university faculty member or administrator and a student who are not married to each other or who do not have a preexisting analogous relationship are inappropriate whenever the university faculty member or administrator has a professional responsibility for the student in such matters as teaching a course or otherwise evaluating, supervising, or advising a student as part of a school program. Even when a university faculty member or administrator has no professional responsibility for a student, the university faculty member or administrator should be sensitive to the perceptions of other students that a student who has a sexual relationship with a professor may receive preferential treatment. A university faculty member or administrator who is closely related to a student by blood or marriage or who has a preexisting analogous relationship with a student should eschew roles involving a professional responsibility for the student whenever possible. Romantic or sexual relationships between a faculty member and a student then enrolled in the faculty member’s class (including supervised student activities for which academic credit is

given) may be or appear to be coercive and are discouraged. Even when no coercion is present, such relationships create an appearance of impropriety and favoritism, which can impair the academic experience of all students in that class. It is, therefore, improper conduct for a faculty member to engage in a romantic or sexual relationship with a student enrolled in the faculty member's class.

At Nova Southeastern University, romantic and sexual relationships between a faculty member and a student are subject to the prohibition against sexual harassment.

It is specifically required that when either a faculty member or any agency, corporation, or program under the auspices of a faculty member employs a student, or whenever a student or any agency, corporation, or program under the auspices of a student employs a faculty member, both parties shall document the existence of this dual relationship in a letter to the Dean of the College of Psychology. This documentation shall be retained in both the student's and the faculty member's permanent files. As necessary, an ad hoc committee shall be appointed to review any complaints that might arise as the result of dual employment relationships.

Further, no services provided by a faculty member or any agency, corporation, or program under the auspices of a faculty member shall result in academic credit being granted to a student unless the services are officially rendered as part of the recognized curriculum (e.g., practicum work, supervised university research, internship, or course work). Approval of such rendering of service must be in writing and approved by the Dean.

**The provision of psychological services by faculty to students is discouraged;** however, extenuating circumstances may exist, such as when some unusual expertise is possessed by a faculty member or when a student was in treatment with a faculty member prior to becoming a student. In such cases, the Dean must approve the provision of psychological services to a student. Adjunct faculty members who expect no further instructional or supervisory relationship with a student may provide services without this reporting requirement.

### **NO DIRECT PAYMENT TO FACULTY**

Direct student payment to faculty for educational or professional services is not permissible. That is, no student is to make private arrangements to reimburse any faculty member for psychotherapy, tutoring, supervision, or other educational assistance. Students are encouraged to seek whatever educational help they need from faculty members and to seek professional services (such as psychotherapy or additional supervision for licensure) outside of the program.

### **STUDENT GRIEVANCES AND APPEALS**

The College of Psychology faculty and staff value professionalism, honesty, and ethical conduct in the handling of student concerns. At all times, matters are handled in the spirit of education and development. The purpose of the student grievance and appeals process is to allow for the orderly resolution of student grievances concerning a policy, procedure, or administrative action. At all times, the respect and protection of students is of utmost concern.

Evaluation of course work and competency examination evaluations reside within the expertise of faculty members who are uniquely qualified by their training and experience. Such evaluations and grades are not subject to student grievance and appeals under this section unless there is an allegation of federally/state protected discrimination, but rather are subject only to appeal under the policy for Grading Disputes where applicable.

### **Informal Procedure**

Before initiating a formal appeal, the student must first meet with the party against whom the complaint is being made and present supporting information in an attempt to resolve the matter informally. If this does not result in an acceptable resolution, the students shall bring all matters to the director of training of the school psychology program. If the matter remains unresolved, all matters should be brought to the attention of the Department Chair. This appeal should be presented to the appropriate administrator within 30 working days of its occurrence, where informal resolution will continue. Should the director find insufficient evidence or if this step fails to bring about an acceptable resolution, the student must next request intervention through the dean of the College of Psychology within another 30 days.

### **Formal Procedure**

1. A student wishing to proceed with the grievance must file a written appeal with the Dean. This document should contain a concise statement of the particular manner of harm, along with all relevant facts and compelling supporting evidence.
2. Upon receipt of a written appeal, the Dean shall review the document to determine if the complaint warrants further review.
  - a. If the Dean decides that no further action should be taken, the appeal will be terminated and a brief written explanation will be submitted to the student.
  - b. If the Dean decides that a further review should occur, the appeal shall be referred to the college's standing Appeals Committee.

The committee will conduct a substantive review of all facts it deems pertinent to the appeal. The committee, at its discretion, may interview the student or any other pertinent person that it judges has information relevant to the review. No persons may have legal counsel accompany them or appear in their behalf.

3. The Appeals Committee will file a written recommendation to the Dean with justification, including whether sufficient evidence exists to uphold or overturn the action being grieved. The Dean will notify the student of a determination in writing within a reasonable period following the filing of the appeal. The program will make all reasonable efforts to expedite reviews and conclude the Formal Appeal procedure within 60 days from the date the formal written appeal is submitted to the Dean. However, based upon the individual circumstances and nature of the appeal, the Dean has the discretion to extend the period of time in which to complete the appeal and will inform the student of such in writing.
4. If the student has evidence that there have been any procedural irregularities within the appeals process, such irregularities must be presented in writing to the dean within five (5) days of the

notification of determination. The dean will review the document and notify the student of a decision. Should any irregularities have occurred, the dean will return the appeal to the Appeals Committee for consideration consistent with the process described in this policies and procedures handbook.

5. Following a review of the committee's report, the dean's decision shall be final. Students acknowledge upon their acceptance into this program that the above procedure provides for adequate review of university action by any other outside parties or jurisdictions. Further, the jurisdiction for all grievance issues related to policies, procedures, and/or administrative action shall be Broward County, Florida.

## **Other Policies and Information**

---

### **FORCE MAJEURE (Revised)**

NSU's duties and obligations to the student shall be suspended or modified immediately, without notice, during all periods that the University determines it is closed or ceases or modifies or curtails operations because of force majeure events including, but not limited to, any fire or any casualty, flood, earthquake, hurricane, lightning, explosion, strikes, lockouts, prolonged shortage of energy supplies, riots or civil commotion, Act(s) of God, war, governmental action, act(s) of terrorism, infectious diseases, epidemic, pandemic, physical or structural dangers, or any other event beyond the University's control. If such an event occurs, NSU's duties and obligations to the student (including its delivery and format of classes, student housing and dining, campus facilities, and related services, activities, and events) will be postponed, cancelled, or modified until such time as the school, in its sole discretion, may safely reopen or resume normal operations. Under no circumstances, except as otherwise required by Federal or State statute, will NSU be obligated to refund, reduce or credit any portion of tuition, housing, meal plans, fees, or any other cost or charge attributable to any location, delivery modality, or service affected by any such force majeure event necessitated by Acts of God, University or academic or health and safety decisions, and/or any situations outside of the University's control. This includes, but is not limited to, any suspensions to or changes from in-person, on-campus education, services and/or activities to remote services, activities, and/or remote learning. By choosing to enroll or study at NSU, students agree to these terms.

### **NEW FLEXIBILITIES IN POLICY STATEMENT**

University policies are intended to describe some of the expectations of members of the University community, as well as outline the University's community policies and programs. It is intended to be used as a guideline and does not create an express or implied contract which cannot be changed or modified. Circumstances not specifically addressed in university policies will be handled on a case-by-case basis by the appropriate official selected by the University. As the need may arise, the University reserves the right to, in its sole discretion, modify, revise, supplement, rescind, suspend, terminate, or change its policies, procedures, programs, activities and services, in whole or in part, to the fullest extent permitted by law.

### **INDEBTEDNESS TO THE UNIVERSITY**

NSU offers to all students—on campus, online, clinical, or hybrid—the same quality education and many opportunities for student benefits depending on the educational modality selected. Therefore, the University sets the overall student fees on an aggregate, student-centric basis for the entire student body. The overall costs exceed the amount collected from student fees charged to all students.

These student fees are blended together to create 1NSU with high-tech systems, student activities, and many other essential student services that make a complete, integrated University. This

mission transcends the development and ultimate determination of the amount of student fees for all students, irrespective of their choice of learning modality.

By registering for courses at Nova Southeastern University, the student accepts financial responsibility for payment of all institutional costs including, but not limited to, tuition, fees, housing, health insurance, and meal plan (if applicable), and any additional costs when those charges become due. Payment is due in full at the time of registration. NSU eBills are sent the middle of each month to the student's NSU email address. However, to avoid late charges, students should not wait for their billing statement to pay their tuition and fees. A student will not be able to register for future semesters until all outstanding balances from previous semesters have been paid in full. If a student has a balance 30 days after the start of the semester, a hold and a \$100 late fee will be placed on his or her account. This hold stops all student services, including, but not limited to, access to the NSU RecPlex, academic credentials, grades, and future registrations. It will remain on the student's account until the balance has been paid in full. Delinquent student account balances may be reported to a credit bureau and referred to collection agencies or litigated. Students with delinquent accounts will be liable for any costs associated with the collection of unpaid charges, including attorney fees and court costs. All registration agreements shall be construed in accordance with Florida law, and any lawsuit to collect unpaid fees shall be brought exclusively in the appropriate court sitting in Broward County, Florida, regardless of the student's domicile.

### **NSU STUDENT SERVICES FEE**

NSU offers to all students—on campus, online, clinical or hybrid—the same quality education and many opportunities for student benefits depending on the student's choice of educational modality. Therefore, the University sets the overall student fees on an aggregate, student-centric basis for the entire student body. The overall costs exceed the amount collected from student fees charged to all students. These student fees are blended together to create 1NSU with high-tech systems, student activities, and many other essential student services that make a complete, integrated university. This mission transcends the development and ultimate determination of the amount of student fees for all students, irrespective of their choice of learning modality.

### **UNIVERSITY-WIDE ACADEMIC INACTIVITY POLICY**

NSU requires all students to make consistent progress toward obtaining an eligible degree or certificate program at the university. Any student who does not complete a course and earn credit(s) for three consecutive semesters/four terms will be considered inactive and withdrawn from the University, excluding any semesters/terms where the student is on an approved leave of absence. Students withdrawn pursuant to this policy who wish to continue their academic program are required to follow the readmission process as detailed in their college or academic program's student handbook/catalog. Readmission is solely at the discretion of the student's college or academic program and may include specific conditions, including the repeat of courses or the entirety of the academic program, when deemed appropriate by the college/academic program. Additionally, students may be subject to the admissions standards and academic program requirements as outlined in the student handbook/catalog for the academic year in which the student is seeking readmission. While this policy is intended to set forth the maximum period of

academic inactivity, colleges and academic programs are permitted to adopt more stringent standards, i.e., shorter time periods of inactivity that will lead to dismissal. Students should consult with their college or academic program for additional information about the maximum period of inactivity applicable to their course of study.

### **IMAGE USE STATEMENT**

As part of the Student Enrollment Agreement (SEA), which students must complete with their first registration each academic year, students are required to agree with the following Image Use Statement:

I permit and authorize Nova Southeastern University (NSU) and its employees, agents, representatives, contractors, and personnel, who are acting on behalf of NSU at any NSU-related event(s) or at any public area(s) on NSU's property, to take and/or obtain and use my photograph, name, alias, a video and/or audio recording, or other likeness of myself (hereinafter collectively referred to as "my likeness"). I grant NSU permission to take and use my likeness for purposes related to the educational mission of NSU— including instructional and/or educational purposes, as well as publicity, marketing, promotion, or other commercial ventures for NSU and its various programs—without compensation to me. I understand my likeness may be copied/reproduced and distributed in any media format. I further understand that my likeness may be subject to reasonable modification and/or editing. I acknowledge that NSU has the right to make one or more reproductions of my likeness in any media. I waive any right to inspect or approve the finished product or material in which NSU may eventually use my likeness. I acknowledge that NSU owns all rights to my likeness. I understand that, although NSU will endeavor to use my likeness in accordance with standards of good judgment, NSU cannot warrant or guarantee that any further dissemination of my likeness will be subject to NSU's supervision or control. Accordingly, I release NSU from any and all liability related to the dissemination, reproduction, distribution, and/or display of my likeness in any media format, and any alteration, distortion, or illusionary effect of my likeness, whether intentional or otherwise, in connection with said use. I also understand that I may not withdraw my permission for use of my likeness, which was granted.

### **RELIGIOUS HOLIDAY POLICY**

See the *NSU Student Handbook*, Religious Holidays Policy section. Visit [nova.edu/studentconduct/religious-holiday-policy.html](http://nova.edu/studentconduct/religious-holiday-policy.html) for more information. A student with a personal religious belief, requesting to be excused from class or an educational activity for a work-restricted religious holiday, shall notify the NSU Assistant Dean for Student Development at [mmichell@nova.edu](mailto:mmichell@nova.edu) or (954) 262-7281 within three (3) calendar days after the start of the semester."

### **CLASS RECORDING POLICY**

NSU recognizes that recordings of live class content can be a valuable tool in enhancing the academic experience for students and in supporting the University's goals in improving the delivery of education. As such, course instructors are permitted to record their live class content (e.g. lectures, presentations, student participation, etc.) and make it available for review utilizing

the tools provided by NSU and subject to the requirements of this policy. Students, faculty, staff, and visitors should not have any expectations of privacy while they are in recordable spaces at NSU, such as classroom/lecture halls (including online participants), common areas, or other spaces that are generally open to members of the NSU community. Any course where class content may be recorded should include a syllabus statement detailing the terms and conditions associated with such recordings, such as statement included in this policy detailed below.

Recordings depicting personally identifiable information of students (such as images, audio recordings, or documents) are considered education records subject to the Family Educational Records Privacy Act (“FERPA”). As such, student access to recorded class content will be limited to those students registered to participate in the live offering of the class, regardless of a student’s section, discipline, or if they are participating online. ***(Some class lectures/content may be delivered to students form separate courses, colleges, or disciplines, in a single classroom setting. For purposes of this policy, all students registered to participate in the class, including those participating online, will be permitted to access and review the recorded course content.)*** Faculty members seeking to grant access to or share recordings of class content with students or third parties who were not registered to participate in the live offering of the class must obtain written approval from their college’s Dean or designee before doing so. If approved, the faculty member must make the following steps before making the recording available to students or third parties who were not registered to participate in the live offering of the class:

1. Review the lecture recording for any personally identifiable student information and remove or redact any such information from the recording (e.g., blurring the student’s image, altering the student’s voice, removing sections of the recording featuring student information, etc.); or
2. Obtain written consent from any student whose personally identifiable information appears in the recording (including video, audio, or student documentation) using the Distribution Student Recording Classroom Consent Form. The college must provide a copy of the signed form to the NSU Registrar’s Office to be maintained in accordance with the student’s educational records. Faculty members cannot compel or require students to give consent to the release of their information.
3. Nothing in this policy restricts access to or disclosure of classroom recordings where in such access or disclosure is otherwise permissible in accordance with the Family Educational Rights and Privacy Act (“FERPA”).

Students are prohibited from recording audio or video or taking photographs in classrooms in all modalities (including online classes) without prior written permission from the instructor or pursuant to an approved disability accommodation. Students are further prohibited from reproducing, sharing, or disseminating class content recordings, or any portion thereof with individuals who are not registered for the class. Engaging in such activities will be considered a breach of the NSU Student Code of Conduct (<https://www.nova.edu/studentconduct/index.html>) and subject to disciplinary action.

Individuals seeking guidance on issues related to student consent and FERPA should contact Nova Southeastern University’s Office of the University Registrar at (954) 262-7263 or [nsuregistrar@nova.edu](mailto:nsuregistrar@nova.edu).

## **EXCUSED ABSENCES FOR PARTICIPATION IN CO-CURRICULAR ACTIVITIES**

While enrolled at NSU, students are expected to make academic participation their top priority. However, there may be instances when students must miss class due to their commitment to officially represent the University in certain co-curricular activities. NSU will consider travel to and participation in certain University-sponsored co-curricular events as grounds for approval of an excused absence, including but not limited to: NCAA intercollegiate athletic competition, musical/theatrical performances, and academic program field trips. Practices and rehearsals for university-sponsored co-curricular events, participation in club or intramural athletic competition, and field trips that are not associated with the student's academic program are not considered grounds for an approved absence. Students who intend to miss class due to participation in a co-curricular event must still follow all applicable policies and procedures of their academic program to ensure that their academic program and instructors are aware of their absence and to receive direction on the makeup of any missed academic instruction and/or coursework. Students who are approved for an excused absence pursuant to this policy remain responsible for the completion any academic instruction and/or coursework missed during the period of excused absence.

## **DRUG AND ALCOHOL POLICY**

The use of illegal drugs, the use of controlled substances without a prescription, and the use of or being under the influence of alcohol while in class or a clinical rotation/clinical experience are prohibited. Should a student receive a positive drug or alcohol screen and a positive follow-up screen the student will be referred to the dean's office for a professional standing review that could result in dismissal from the program. Students who receive a positive test or screen must follow the procedure for medical review. They cannot participate in a clinical or counseling placement until the disposition of the matter is determined.

If a student reports to the academic program chair for help with a personal drug or alcohol use concern, PRIOR to an impending drug test, the student will be required to report to the Dean's Office for referral to the Student Assistance Program. The student will only be permitted to report to class or a placement if cleared by the committee and Dean's Office.

### **College of Psychology Drug Screening**

College of Psychology students may be required to submit to urine drug screen testing. Students who test positive for illegal or illicit drugs, marijuana even if prescribed or certified by a physician, or for a controlled substance for which they do not have a prescription, will be referred to the College to be handled in connection with the College's policies and procedures.

## **COLLEGE OF PSYCHOLOGY STUDENT AID PROGRAMS**

**Scholarships:** The College of Psychology maintains a limited amount of scholarship funds. Information on various scholarships is available at: <https://psychology.nova.edu/scholarships/>.

**Assistantships:** Assistantships (teaching and research) are available for advanced students through the college.

**Student Employment:** Student employment opportunities are available within the College of Psychology. These positions are generally awarded on a competitive basis and usually require a 10 to 20 hour time commitment per week.

## **STUDENT FACILITIES**

### **College of Psychology Testing Library**

The college maintains its own library of testing instruments and kits for use by current doctoral and school psychology specialist students, Psychology Services Center and Consortium interns, post-doctoral residents, and College of Psychology faculty. Loan arrangements may vary according to the course and equipment involved. Procedures and conditions for borrowing test equipment will be explained by the course instructor and/or site manager. It is the responsibility of the student to check the test kits and materials to verify they are complete and undamaged at checkout. **The student is held responsible for replacement of lost or damaged tests, materials, and/or equipment checked out from the Testing Library. Renewed tests are due one week from renewal date, unless otherwise specified. Overdue tests will be assessed a fee of \$3.00 per day per test, excluding weekends and holidays.** Failure to return tests or equipment in a timely manner may result in referral to the Professional Standing Committee and/or a hold being placed on registration.

### **Notice (Bulletin) Boards**

Notice boards are in various locations in the Maltz Building and at the regional campuses. These boards are a valuable source of information regarding class schedules, typing services, student meetings, continuing education seminars, apartments for rent, etc. After approval from the Office of the Dean, students may post notices on the bulletin boards located in the first floor lounge, the student carrel area, and designated bulletin boards on the second floor. Other boards are for college or university use only. Students are prohibited from posting, altering, or removing notices or messages from these boards. No announcements or notices may be posted anywhere on doors, walls, or in the elevator.

# **APPENDICES**

## DOCTORAL PROGRAM IN SCHOOL PSYCHOLOGY

### Annual Review of Student Progress

#### I. KNOWLEDGE AND SKILLS

##### 1. Coursework

During the Annual Review meeting, faculty will review all courses you have taken, noting grades (including grades below “B-” and Incomplete), and grade point average. Students must earn grades of “B-” or higher in all coursework.

- In order to facilitate this discussion, **upload unofficial transcripts from Degree Works.**

##### 2. Attainment of minimum levels of achievement (MLA)

The attainment of minimum levels of achievement (MLA) of 80% is required on all assessments of competency in order to demonstrate satisfactory progress in the program. If these goals are not met, a remediation process is initiated to support the student in achieving these goals. In cases where a remediation process was implemented, the outcome of the remediation plan will be reviewed.

##### 3. Required Competency Examinations

To demonstrate mastery of subject area competencies in school psychology and as part of the degree requirements, all doctoral Students must sit for and **earn passing scores on the following written comprehensive examinations.** Be sure to provide copies of all competency examinations taken for your file.

- Florida Teacher Certification Examination – Subject Area Test in School Psychology (SAE) (required for certification in the state of Florida)\* *(Complete during the Fall semester of Year 3)*
- Praxis School Psychologist Examination (5403) (required for school psychology licensure in the state of Florida and NCSP certification). A minimum score of 155 is required on the Praxis (5403) Subject Area Exam. *(Complete during the internship year)*

**NOTE:** All Students, regardless of their route to admission (i.e., following completion to the bachelor’s degree, 73 credit hours in the specialist program, or following completion of the specialist degree), are required to complete the Florida Teacher Certification Examination – Subject Area Test in School Psychology (SAE) and the Praxis II School Psychologist Examination (5402) during matriculation in the school psychology doctoral program.

#### 4. **Practicum**

Significant learning experiences during course-specific applied tasks and field-based training, as well as field-based supervisor evaluations will similarly be discussed during Annual Review.

- **Upload your final practicum evaluation form prior to the Annual Review meeting.**

## II. RESEARCH

1. **Research** List progress made toward the completion of your **Directed Study** as outlined in the *Doctoral Program in School Psychology Directed Study Guidelines*.

## III. PROFESSIONAL VALUES, ATTITUDES, AND BEHAVIOR

1. **Professional Association Membership.** Provide a list of all professional association membership.
2. **Conferences and Workshops Attended.** List all local, state, national, and/or international association meetings, as well as the specific title and presenter of workshops/presentations you attended.
3. **a) Presentations and Posters:** Provide information regarding any presentations/posters at professional meetings or teacher/parent in-service trainings you delivered.  
**b) Publications, Book Chapters, Encyclopedia Entries, etc.:** List any documents published or submitted for publication during the past academic year.

**NOTE: Students must demonstrate the ability to disseminate research as part of the requirements for degree conferral. Students may submit to university, local, state, national, or international professional association conferences. Students must be selected to serve as first author through a peer review process.**

4. **Professional Engagement:** List any significant educational activities such as professional association involvement, advocacy, committee work, or teaching assistant positions in which you have engaged.

**NOTE: Presentations, posters, and publications should be submitted in APA style and included in your curriculum vitae (CV). Be sure to upload your CV prior to the Annual Review meeting.**

5. **Ethics:** Review items on ethical practice within practicum evaluation forms.

**6. Continuous Professional Development:** In order to develop meaningful goals, Students are asked to reflect on the following programmatic and professional standards:

- APA Standards of Accreditation  
<http://www.apa.org/ed/accreditation/about/policies/standards-of-accreditation.pdf>
- NASP Practice Model  
<http://www.nasponline.org/standards-and-certification/nasp-practice-model/nasp-practice-model-implementation-guide>

Note areas of strength and areas for growth in each of the designated areas. Attach copies of remediation forms, as applicable. Based on your reflection of professional strengths and areas for improvement, outline a draft of professional goals for the next 12 months.

- a. **For the first year Annual Review, please upload the draft of your Continuous Professional Improvement Plan (CPIP) of Action developed in PSY 8197.**
- b. **For the second year Annual Review, please upload a copy of your Self Improvement Plan (SIP) developed in PSY 8292 *Comprehensive Data-Based Assessment: Integrated Report*.**

These professional goals will be discussed and finalized at your Annual Review Meeting. *In addition, please upload goals from the previous year including completion dates as applicable.*

**7. Professional Behavior / NASP Professional Work Characteristics / APA Competency Benchmarks Professionalism/APA Standards of Accreditation Professional Values, Attitudes, and Behaviors:** Feedback in these areas is provided in selected courses and practicum evaluations. Faculty will review strengths and weaknesses, and discuss with you areas for growth.

**8. Reflective Practice / Self-Assessment / Self-Care Activities**

Describe a plan that addresses self-care and upload with the annual review documents.

#### **IV. PROGRAM EVALUATION AND FEEDBACK**

Please provide at least two areas of strengths and two areas for improvement of the doctoral program, and upload prior to the Annual Review meeting.

## DOCTORAL PROGRAM IN SCHOOL PSYCHOLOGY

### Competency Remediation Plan

**Date of Competency Remediation Plan Meeting:** \_\_\_\_\_

**Name of Trainee:** \_\_\_\_\_

**Primary Supervisor/Advisor:** \_\_\_\_\_

**Names of All Persons Present at the Meeting:** \_\_\_\_\_

**All Additional Pertinent Supervisors/Faculty:** \_\_\_\_\_

**Date for Follow-up Meeting(s):** \_\_\_\_\_

*Check all competency domains in which the trainee's performance does not meet the benchmark:*

**Profession-Wide Competencies:**

- |                                                                 |                                                              |
|-----------------------------------------------------------------|--------------------------------------------------------------|
| <input type="checkbox"/> Research                               | <input type="checkbox"/> Assessment                          |
| <input type="checkbox"/> Ethical and legal standards            | <input type="checkbox"/> Intervention                        |
| <input type="checkbox"/> Individual and cultural diversity      | <input type="checkbox"/> Supervision                         |
| <input type="checkbox"/> Professional values and attitudes      | <input type="checkbox"/> Consultation and interprofessional/ |
| <input type="checkbox"/> Communication and interpersonal skills | interdisciplinary skills                                     |

**Discipline-Specific Knowledge (Category 1):**

- ☐ History and systems of psychology

**Discipline-Specific Knowledge (Category 2):**

- ☐ Affective aspects of behavior
- ☐ Biological aspects of behavior
- ☐ Cognitive aspects of behavior
- ☐ Developmental aspects of behavior
- ☐ Social aspects of behavior

**Discipline-Specific Knowledge (Category 3):**

- ☐ Advanced integrative knowledge of basic discipline-specific content areas

**Discipline-Specific Knowledge (Category 4):**

- ☐ Research methods
- ☐ Statistical analysis
- ☐ Psychometrics

Description of the problem(s) in each competency domain circled above:

Date(s) the problem(s) was brought to the trainee's attention and by whom:

Steps already taken by the trainee to rectify the problem(s) that was identified:

Steps already taken by the supervisor(s)/faculty to address the problem(s):

I, \_\_\_\_\_, have reviewed the above competency remediation plan with my primary supervisor/advisor, any additional supervisors/faculty, and the director of training. My signature below indicates that I fully understand the above. I agree/disagree with the above decision (please circle one). My comments, if any, are attached (*PLEASE NOTE: If trainee disagrees, comments, including a detailed description of the trainee's rationale for disagreement, are REQUIRED*).

|                                            |                                            |                                                                                |                                                                                                                                        |                                     |

I, \_\_\_\_\_, have reviewed the above summative evaluation of my competency remediation plan with my primary supervisor(s)/faculty, any additional supervisors/faculty, and the director of training. My signature below indicates that I fully understand the above. I agree/disagree with the above outcome assessments and next steps (please circle one). My comments, if any, are below. (*PLEASE NOTE: If trainee disagrees with the outcomes and next steps, comments, including a detailed description of the trainee's rationale for disagreement, are REQUIRED*).

## INTERPERSONAL PROFESSIONAL RELATIONSHIPS COMPETENCY Rating Form

**Trainee Name:** \_\_\_\_\_

**Name of Placement:** \_\_\_\_\_

**Name of Person Completing Form:** \_\_\_\_\_

**Date Evaluation Completed:** \_\_\_\_\_

**Was the trainee supervised by individuals also under your supervision?** \_\_\_\_YES \_\_\_\_NO

**Type of Review:** \_\_\_\_Initial \_\_\_\_Mid-Placement \_\_\_\_Final  
\_\_\_\_Other (please describe): \_\_\_\_\_

**Dates of Training Experience This Review Covers:** \_\_\_\_\_

**Training Level of Person Being Assessed:** \_\_\_\_1<sup>st</sup> Year \_\_\_\_2<sup>nd</sup> Year \_\_\_\_3<sup>rd</sup> Year  
\_\_\_\_4<sup>th</sup> Year \_\_\_\_5<sup>th</sup> Year \_\_\_\_Intern

### INTERPERSONAL PROFESSIONAL RELATIONSHIPS

Establishes, develops, and maintains interpersonal, professional relationships with clients, supervisees, faculty, peers, support staff, allied professionals, organizations, and communities (e.g., effective working alliances/therapeutic relationships with clients, supervisory relationships that foster the growth and development of supervisees, and facilitates client progress)

**Select the column corresponding to the training level of the person being assessed. Rate items in the column by responding to the following questions using the scale below:**

| 0                        | 1        | 2          | 3      | 4    | N/O                          |
|--------------------------|----------|------------|--------|------|------------------------------|
| Not at all /<br>Slightly | Somewhat | Moderately | Mostly | Very | No Opportunity<br>to Observe |

| READINESS FOR PRACTICUM                                                                                                                                                                                                                                                                                                                                       | READINESS FOR INTERNSHIP                                                                                                                                                                                                                                                                                                                                                                                  | READINESS FOR ENTRY TO PRACTICE                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

## **DOCTORAL PROGRAM IN SCHOOL PSYCHOLOGY PROFESSIONAL BEHAVIOR CHECKLIST**

Name of Student: \_\_\_\_\_

### **PROFESSIONAL BEHAVIOR POLICY**

*In addition to academic abilities and skills, students demonstrate the behavioral and personal attributes integral to professional functioning. These behavioral and personal attributes are subsumed in the following categories: Responsible Behavior; Ethical Behavior; Intrapersonal Behavior; and Interpersonal Behavior. Faculty are responsible for monitoring these areas of behaviors, identifying areas for improvement in their students, and providing constructive feedback to address those challenges.*

Check the following areas below that represent deficits in professional functioning in the student listed above.

#### \_\_\_\_\_ **Responsible Behavior:**

- Fails to respond constructively to feedback from supervisors or program faculty
- Fails to complete remediation plans successfully
- Fails to participate in personal psychotherapy to resolve intrapersonal challenges
- Fails to resolve issues or problems that interfere with professional functioning
- Fails to uphold commitments
- Demonstrates poor comportment;

*NOTE: It is the obligation of the student to report immediately any arrests, convictions, or incidents in school or field experiences when enrolled as a student.*

#### \_\_\_\_\_ **Ethical Behavior:**

- Violates American Psychological Association (APA) and/or National Association of School Psychologists (NASP) ethical standards
- Fails to abide by the NSU Student Code of Conduct, all College of Psychology policies and procedures, policies and procedures of practicum, internship or field experience agencies or schools, and state and/or federal laws

#### \_\_\_\_\_ **Intrapersonal Behavior:**

- Displays poor judgement
- Lacks self-awareness, self-reflection, and self-evaluation
- Unable to acknowledge the potential impact of one's own beliefs, values, and behavior on clients, peers, faculty, allied professionals, the public, and individuals from diverse backgrounds or histories.

### Interpersonal Behavior:

- Displays immature, disrespectful, and uncooperative behavior
- Unable to accept feedback
- Poor social skills
- Unable to relate to clients, peers, faculty, allied professionals, the public, and individuals from diverse backgrounds or histories
- Lacks openness to processes of supervision
- Unable or unwilling to explore issues that either interfere with the appropriate provision of care or impede professional development and/or functioning
