<p><b>Professional Licensure Disclosure Statement:</b>  Nova Southeastern University, College of Psychology, Master of Science in Counseling, Substance Abuse Counseling and Substance Abuse Counseling and Education Concentrations cannot be confirmed whether they meet the educational degree completion requirements for licensure in the states that offer licensure. Florida does not currently offer licensure in Substance Abuse nor do these concentrations meet the educational degree requirements for licensure as a Licensed Mental Health Counselor. The state of Florida does offer Florida Certified Addictions Professional (CAP) and Florida Master's Level Addiction Professional (MCAP). PYCL 0582 Human Sexuality (from the Clinical Mental Health Counseling concentration) is required as an elective to meet all MCAP academic requirements. All practicum hours at any rehabilitation site will count toward the 4000 hour requirement.</p> <p>Reciprocity may be offered to those in other states and internationally by receiving an endorsement from the International Certification and Reciprocity Consortium (IC&amp;RC). IC&amp;RC is an organization of Alcohol and Drug counselor credentialing bodies that offer reciprocal level credentials and examinations in various boards at the state level, internationally in other countries, through the armed services and Indian Health services. Approval for this endorsement is determined by these IC&amp;RC boards on a jurisdictional level.</p> <p>Local boards can be found at <a href="http://www.internationalcredentialing.org">www.internationalcredentialing.org</a> for more information. For information regarding the Florida CAP and MCAP requirements, students should review the requirements for certification at <a href="http://flcertificationboard.org/certification/available-certifications/">http://flcertificationboard.org/certification/available-certifications/</a>  Students interested in pursuing national addictions certification should review requirements of the National Association for Addiction Professionals at <a href="http://www.naadac.org">www.naadac.org</a> and the Master Addictions Counselor through the National Board for Certified Counselors at <a href="https://www.nbcc.org/certification/mac">https://www.nbcc.org/certification/mac</a>.</p>
